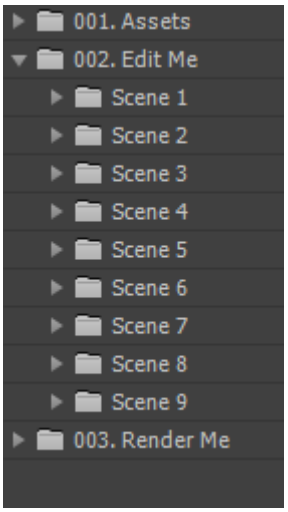
Instruction Steps

Adobe After Effects CS6 (software) or newer version required to open and edit the template file.

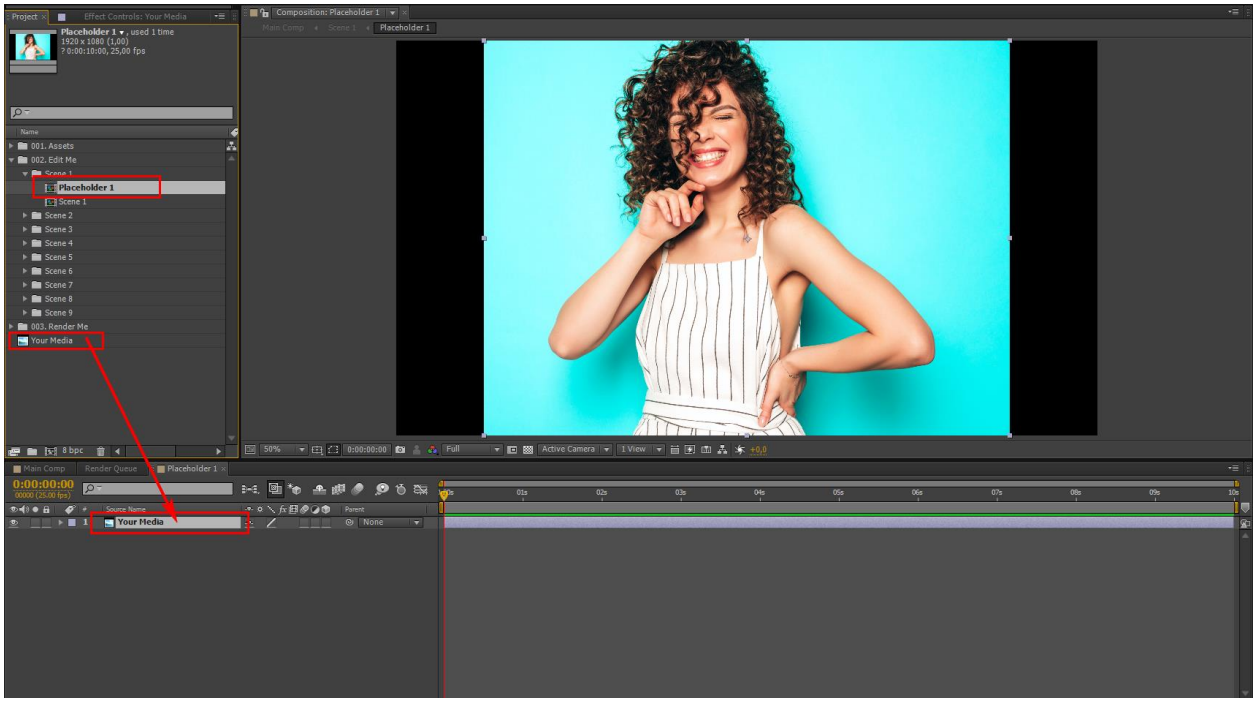
First download font and install

----------**Here are a few instructions that will help** ----------

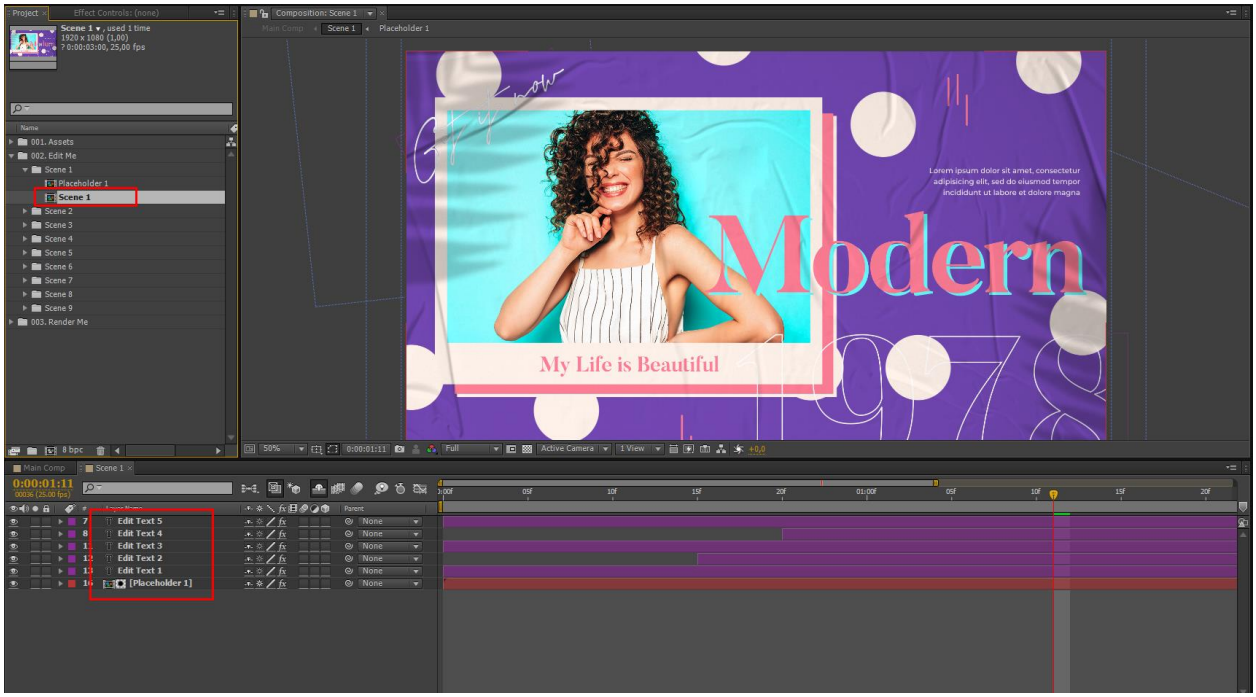
Folder “02. Edit Comps”
Here you can edit text and media for your project .



Open **“Placeholder ##”** composition. Import your media and drag into timeline.

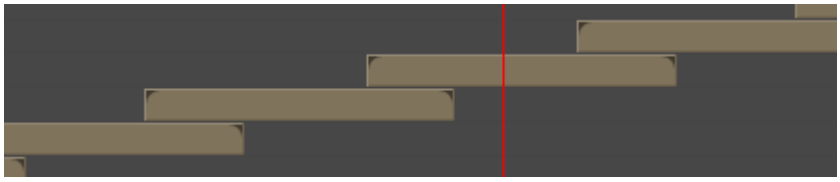


Open **“Scene ##”** composition. Double click text and type your text.



You can edit color on “Control” panel

Modular Structure. You can change duration or delete any scene in timeline

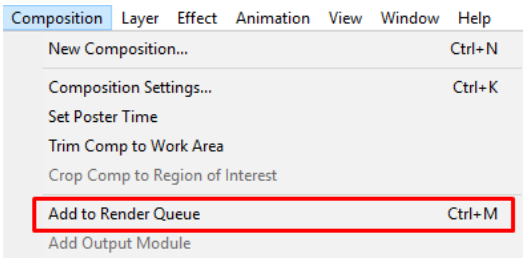


----------**AUDIO** ----------

In After Effects click on the menu option: File > Import > File (search the audio file, click on it, then click Open). Open the "Final Comp" folder. Open the composition Final Comp. Drag and drop your audio in this composition.

----------**RENDER VIDEO**----------

Open **"Final Comp"** composition. click on the menu option Composition > Add to render queue



Select the desired output format and the video location. Click on Render option.
