Hello, friend!

Thanks for buying this template.

It's really easy to customize

Edit your Logo:

1. Enter the folder "Edit Comps"

2. Double click on the composition "Logo"

3. Import your Logo in the Projects panel

4. Drag&drop your picture in the timeline (scale if you need)

Edit your text:

1. Enter the folder "Edit Comps"

2. Double click on the composition "Text"

2. Double click on the layer 1 in the timeline

3. Type your text

Now you can start render (Ctrl+M)

Hope you like it!
