(Note: If you can't drag into timeline, please update your Adobe Premiere Pro to latest update.)

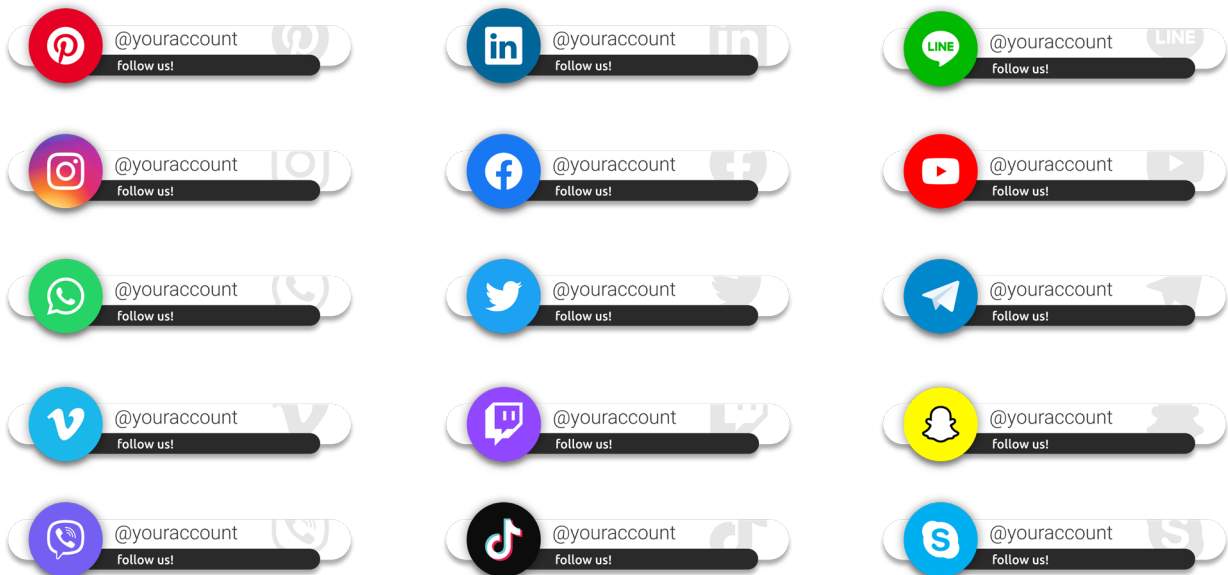

Drag **to your timeline**

Product Details

15 Social Media Lower Thirds

Controller Description

The image shows the 'Essential Graphics' panel in Adobe Premiere Pro, specifically the 'Edit' tab. The panel displays a social media lower third template. Annotations with orange lines point to specific controls:

- Change Social Media Logo:** Points to the 'Logo' dropdown menu, which is currently set to 'Youtube'.
- Modify Line 1 Text (change font, faux type, font size):** Points to the 'Text' section for 'Line 1', which contains the text 'follow us!'. The 'Text Properties' for this line show the font 'Ubuntu', weight 'Medium', and size '110'.
- Modify Line 2 Text (change font, faux type, font size):** Points to the 'Text' section for 'Line 2', which contains the text '@youraccount'. The 'Text Properties' for this line show the font 'Roboto', weight 'Light', and size '170'.
- Modify Line 2 color Intensity:** Points to the 'Line 2 Background Color' color picker.
- Modify lower third shadow Intensity:** Points to the 'Shadow Intensity' slider, which is currently set to 35.
- Modify background logo Intensity:** Points to the 'Background Logo Intensity' slider, which is currently set to 10.

Edit Tab on **Essential Motion Graphics Panel**

Frequently Asked Questions (FAQ)

Q: Can I change the background color?

A : No, you can't change the background color.

Q: What is Responsive Time?

A : Responsive time is the template's duration can be expanded without breaking the intro and outro.

Q: My MOGRT can't drag into timeline, the cursor show hand with cross sign.

A : Update your Adobe Premiere Pro 2020 to latest update. Because there are some bug with MOGRT on the earlier version of Adobe Premiere Pro 2020.

Q: How to resize the template to 720p or 1080p version?

A : Click on the MOGRT at your timeline, and click Scale to Frame Size.

Q: Is this template worked on Final Cut Pro X, Camtasia, or Edius?

A : MOGRT Files only worked on Adobe Premiere Pro CC.

Q: How to see my Adobe Premiere Pro version?

A : You can see your Adobe Premiere Pro version through Help at menu bar and click About Premiere Pro
