## Project Overview:

Choose the scene you want to edit from the **Final** composition. Double click to open it.

Each scene includes text layers and a control layer.

**Edit Text:**

Open up the text composition and double click on the text layer to start editing it.

Press "S" button to change scale of your text. Use **Align** windows to center your text.

**Control Layer:**

Click on the control layer and make all necessary changes in the **Effect Control Panel**.

Well, that is it. I hope you enjoy this template.
