

1. Restore Project Archive

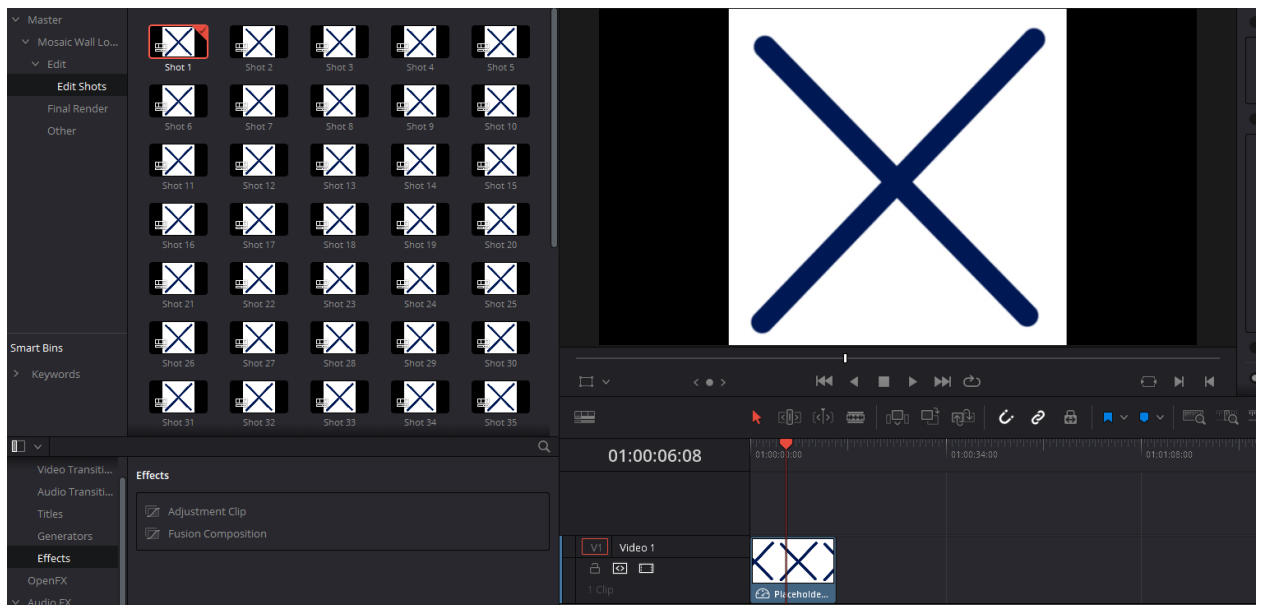

2. In Edit folder add your logo or text to the timeline “Logo_Placeholder” (logo must be with transparency)

3. In Edit folder change background color in the timeline “Background”. (Also you can add any picture)

4. In Edit folder/Edit Shots add your photo and video to the shots timelines (!recommended resolution not more than 360×360 or 640×360 pixels)

5. In Final Render folder open one of the final timelines (normal or light version) and go to render.
