Final Cut Pro Template Installation Instructions

Please follow the instructions below to properly install your Final Cut Pro templates

If you do <u>not</u> have Apple Motion Installed and only FCPx

Right click on the application icon and select "show package contents" then follow the path below and place the downloaded product in the correct folder.

/Applications/Final Cut Pro/Contents/PlugIns/MediaProviders/MotionEffect.fxp/Contents/Resources/Templates/

put the downloaded template in the correct category:
- Effects
- Generators
- Titles
- Transitions

If you have Apple Motion Installed in your Mac.

Please go to your home folder and place the product downloaded in the titles or generator folder.

/Movies/Motion Templates/

put the downloaded template in the correct category:
- Effects
- Generators
- Titles
- Transitions
