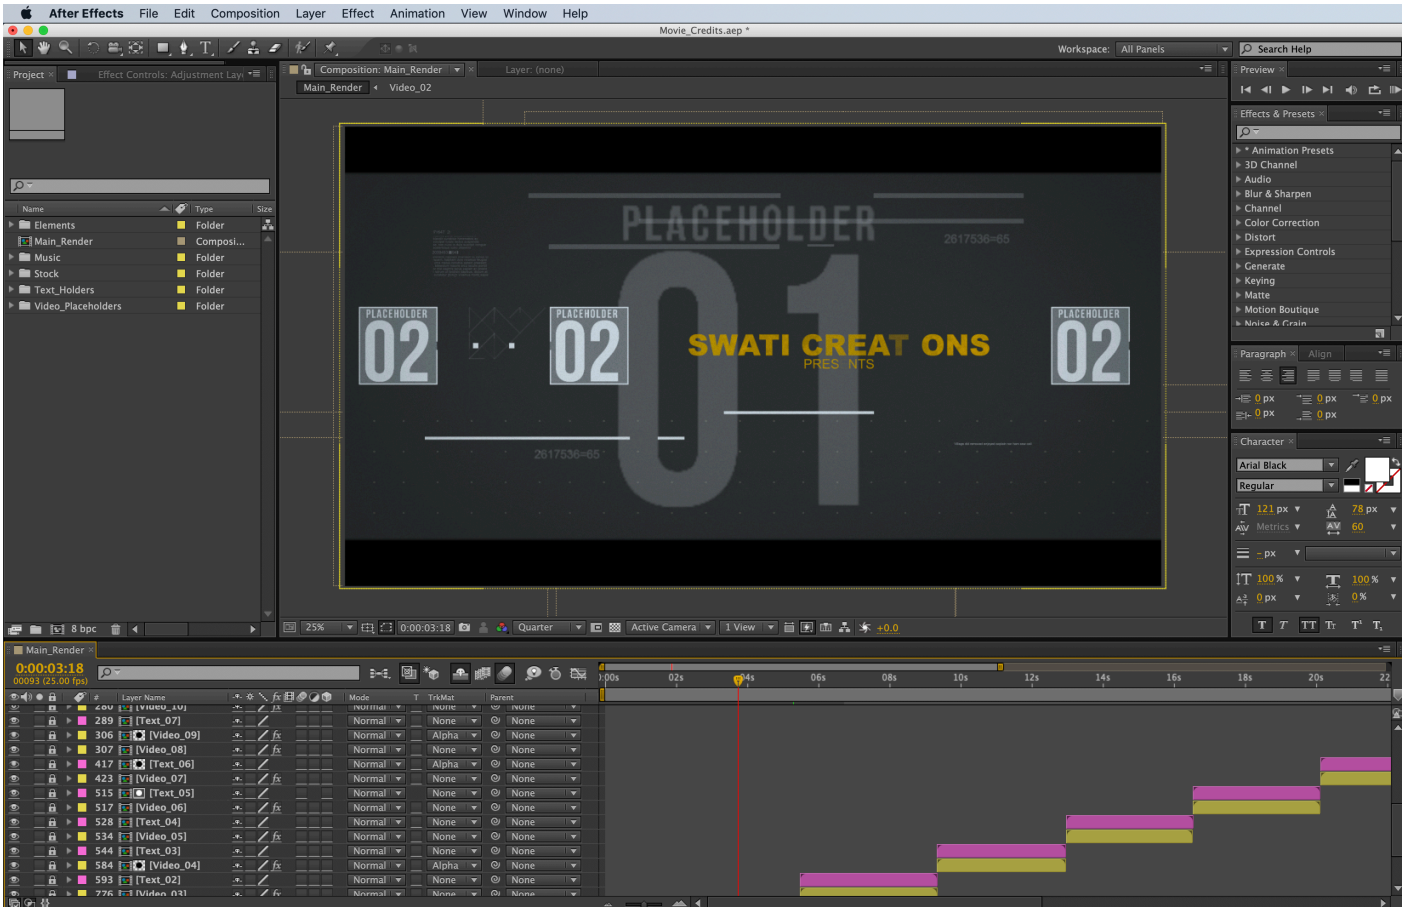
Tutorial

Thank you for choosing This Template. Below you will find Instructions to help you get around the template and customize it to suit your needs.
If you have any question you can contact me at
samar.edr@gmail.com
Download the music if you are using same music I have used and use the last version of the audiotrack
https://audiojungle.net/item/cinematic-teaser/30401681
go to https://videohive.net/downloads and rate my project
It will really help me to produce more work and email me your email address for future release and updates

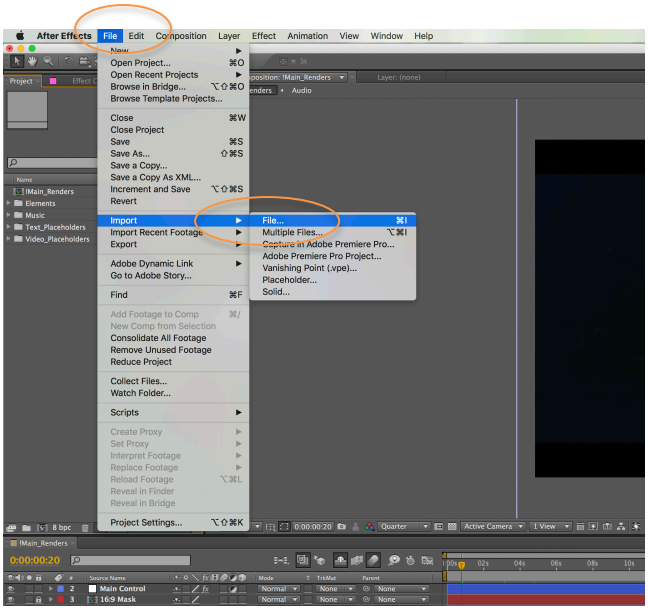
Open project

This is the project view when you open the project. Now we will go step by step and customize this template

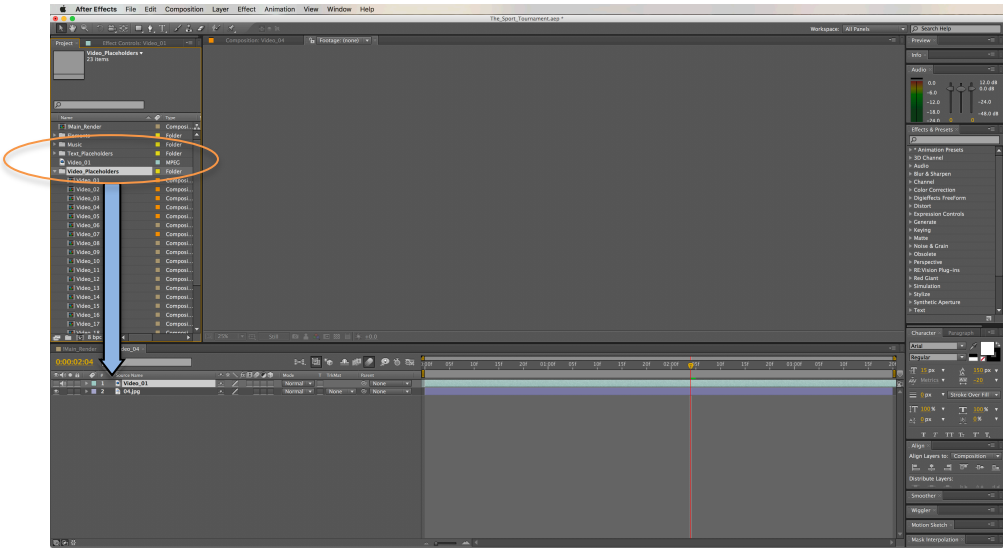


Change video

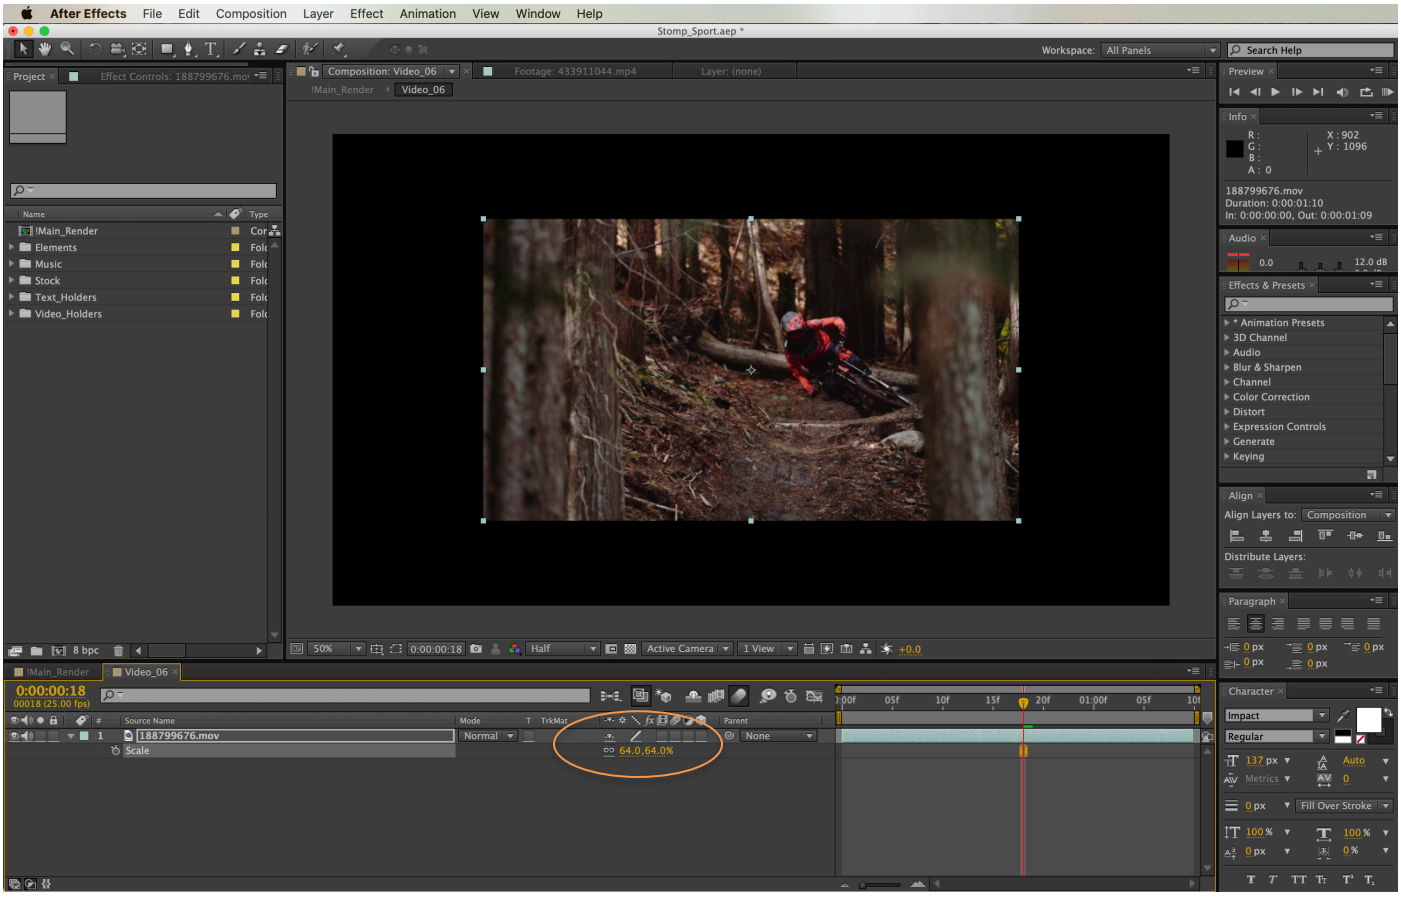
Go to file and Import your videos



Open “Video_Placeholders” folder and open any video placeholder For example we open “Video_01” delete sample “01.jpg” image and drop your Video in the Timeline

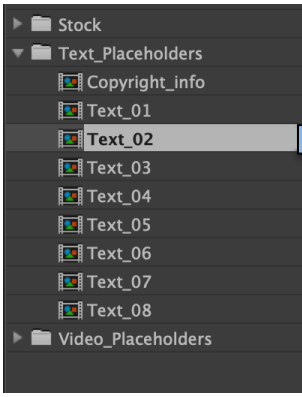


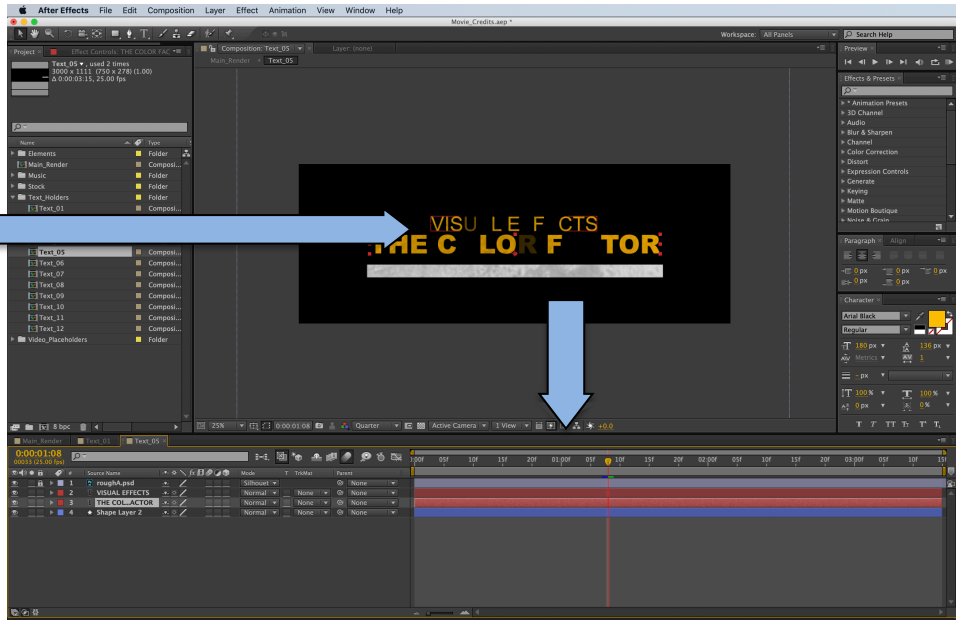
If it does not fit in your video placeholder just select video in the timeline and press “S” on the keyboard to open option scale now adjust according to the placeholder dimension, repeat the same process for all Video Holders



Change Text

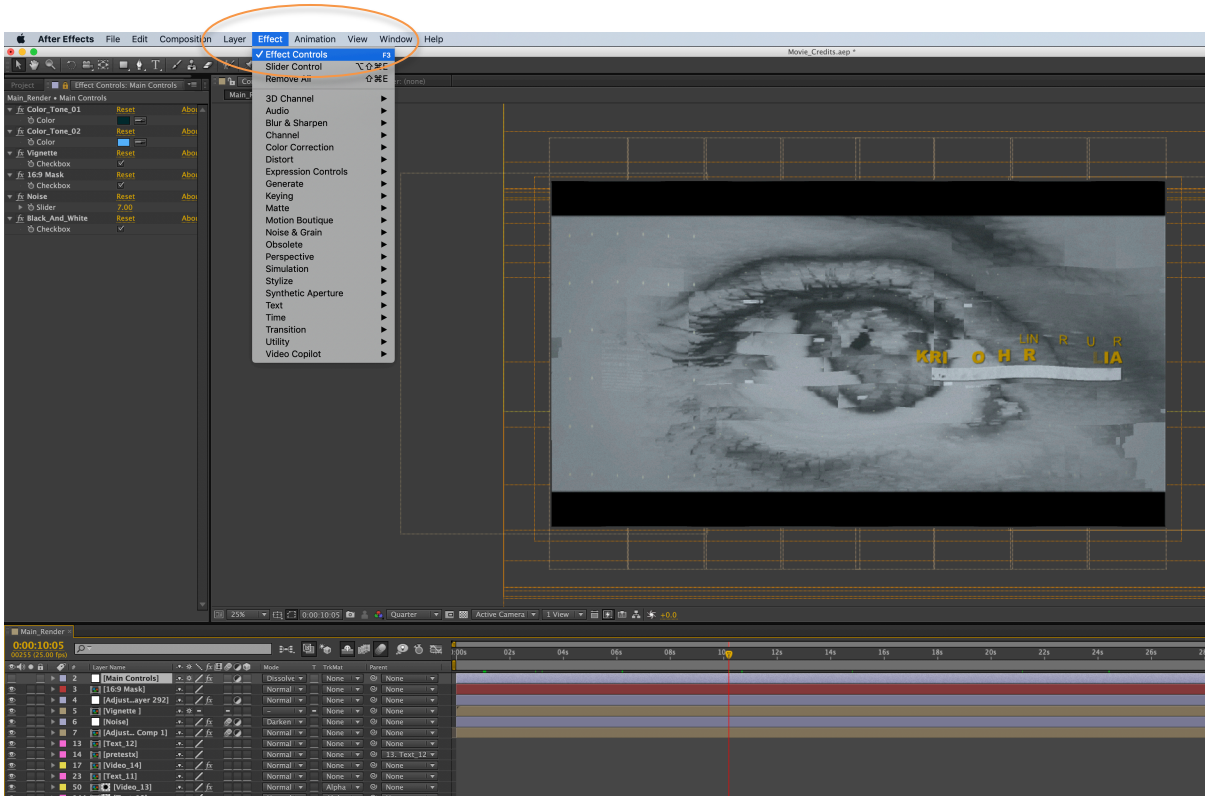
Simply open text placeholders and double on text layer to change text also you can change color of text



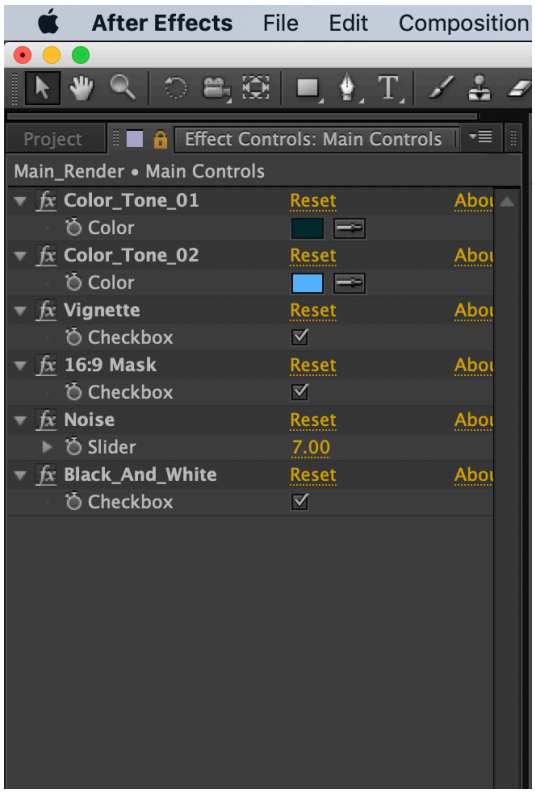


Change Main Composition Properties

Now open the “main_render” composition which is our main composition and select Main Control Layer which is located on the top of composition and press “F3” or go to effect menu and select Effect Controls

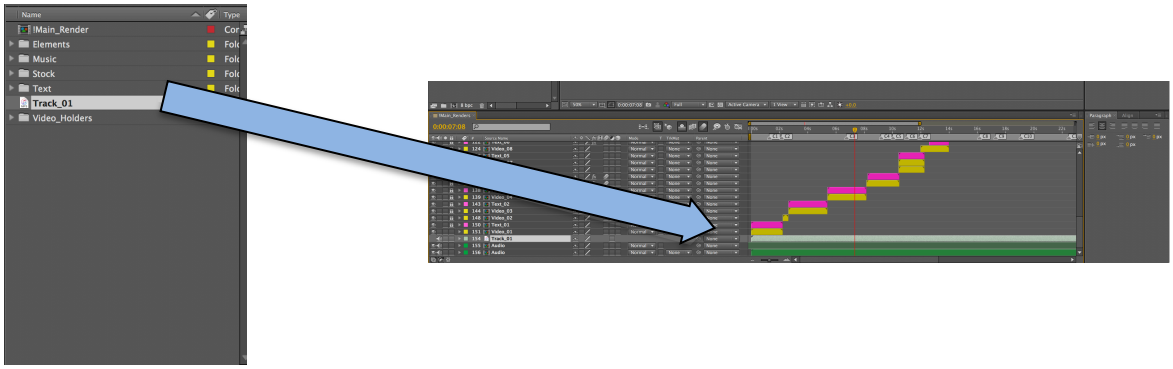


with the help of Main Control panel you can adjust control

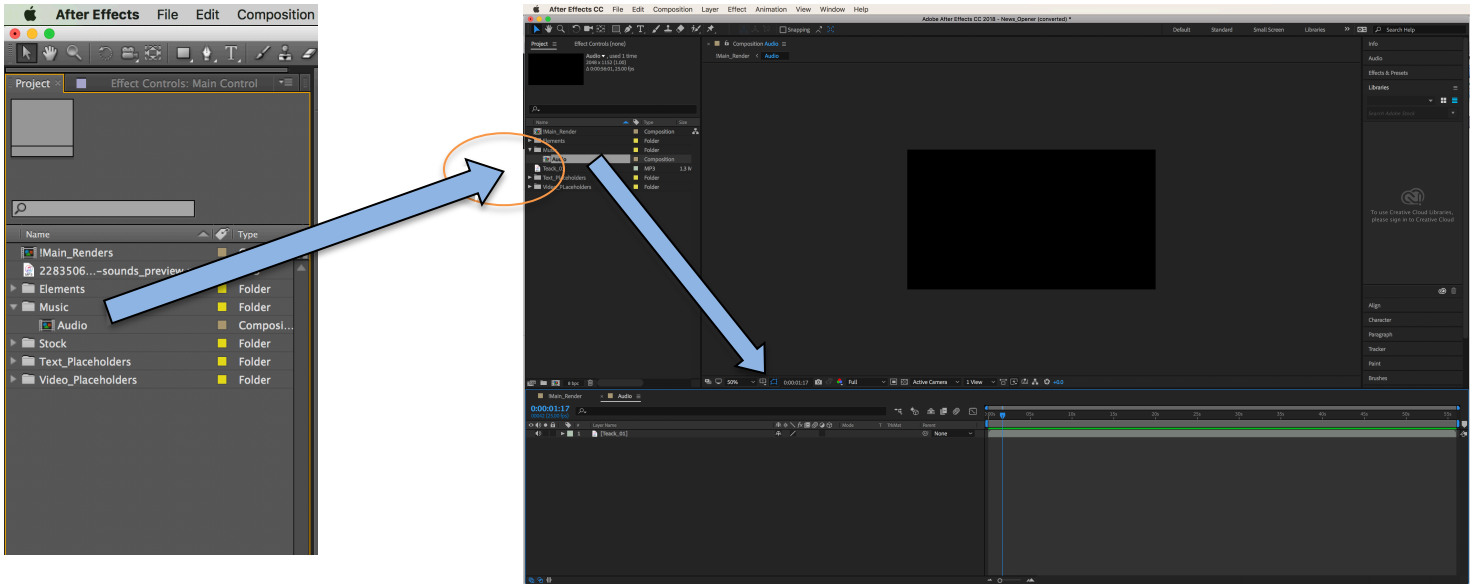


Add Music

Just simply import the music and drop it in the timeline

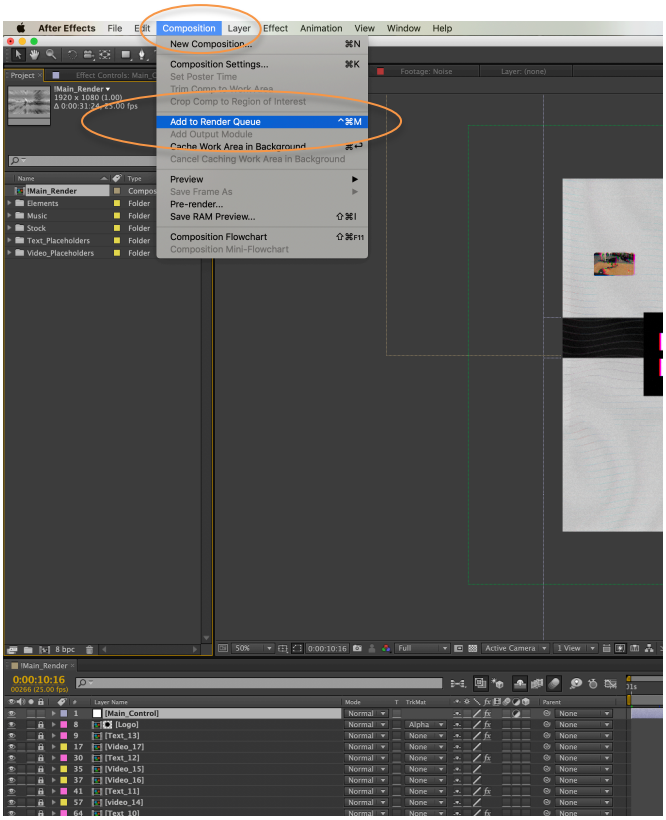


But if you are using the same music featured in the template go to following link and https://audiojungle.net/item/cinematic-teaser/30401681
and open folder “Music” and then open composition “Audio” and simply drop the music file

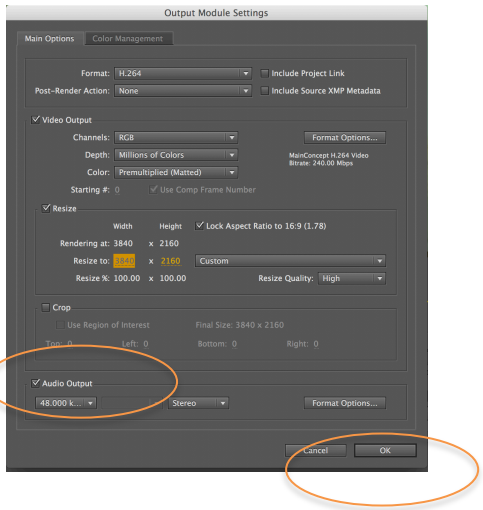


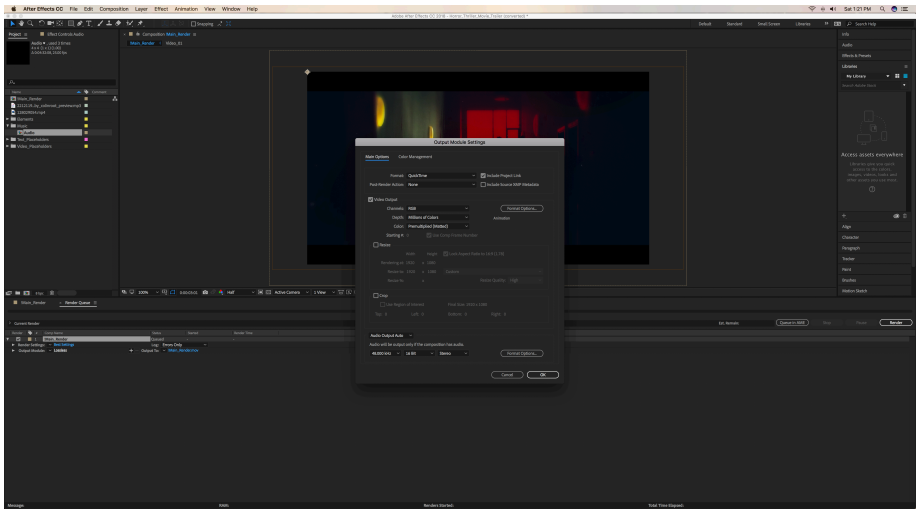
Render

Open “!Main_Render” and add to render queue from the Composition menu.



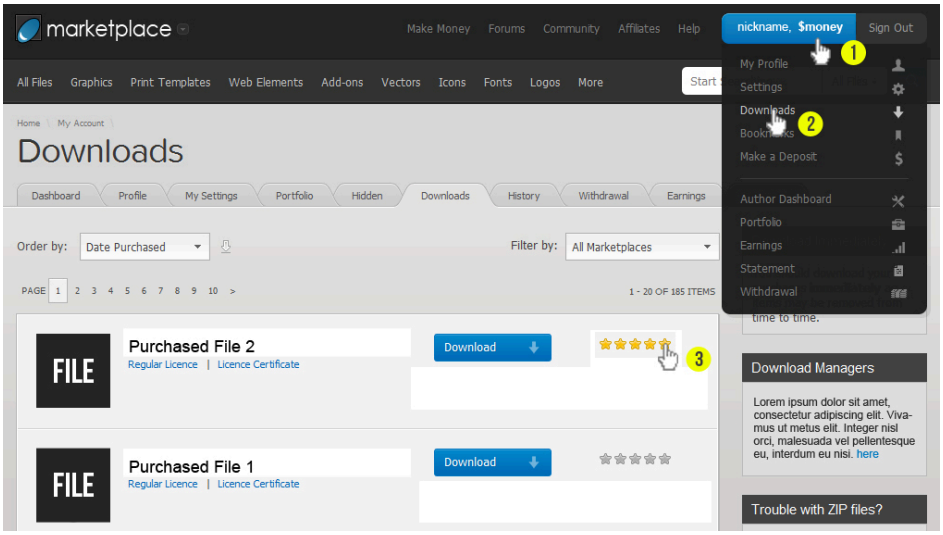
Make sure Audio Output is checked if you are taking output with music.
Now click ok and enjoy .





Rate Project

Please Rate my Project it will really motivate me and it will help me to producing more creative work here is the link to rate Our Template
Also please mail me your email me your address for information of future release and support
https://videohive.net/downloads
its just three clicks process and its very simple



If you need any help contact me through my profile page or email me at
Samar.edr@gmail.com
And please visit my other work
