Drums

Maracas

Synth

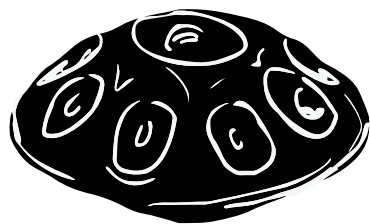

Drums

French horn

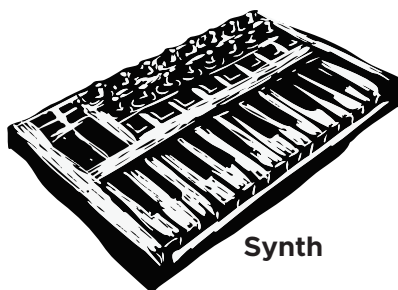

Synth

Handpan

Harp

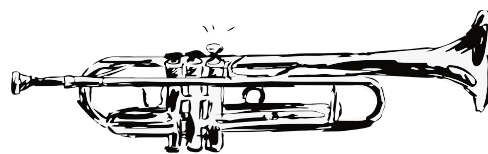

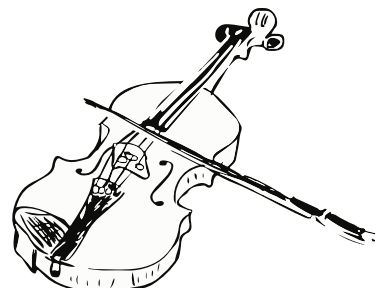

Synth

Piano

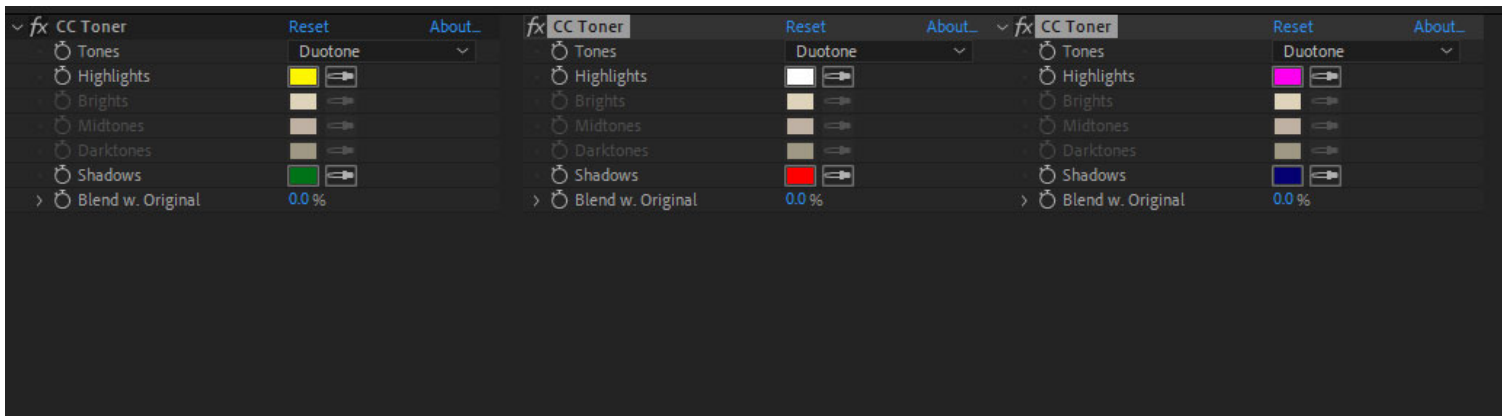

Saxophone

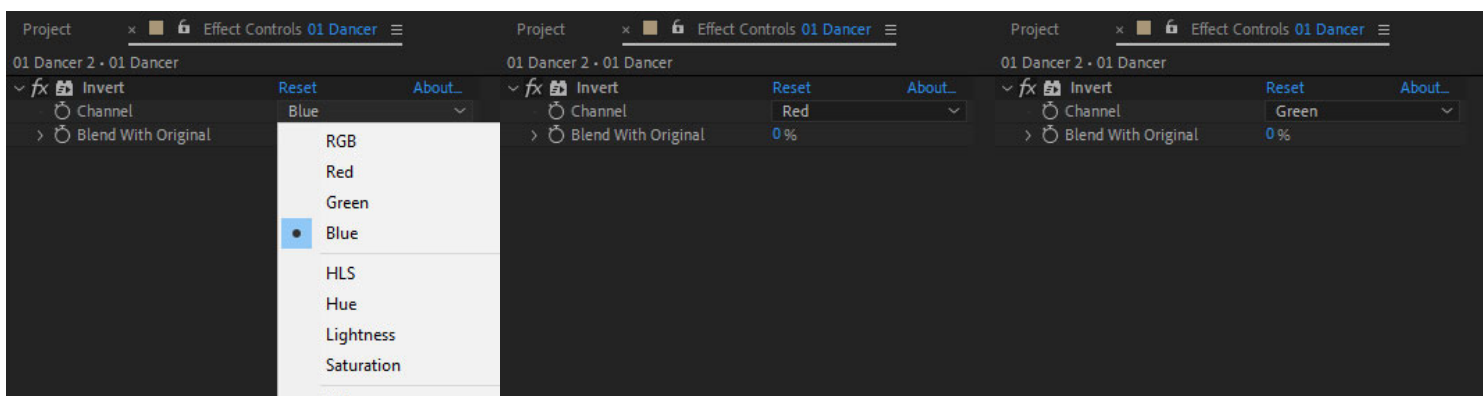

Trumpet

CHANGING COLORS

Applying the **CC Toner** plugin (selected on duotone mode) over the animation can easily change the colors

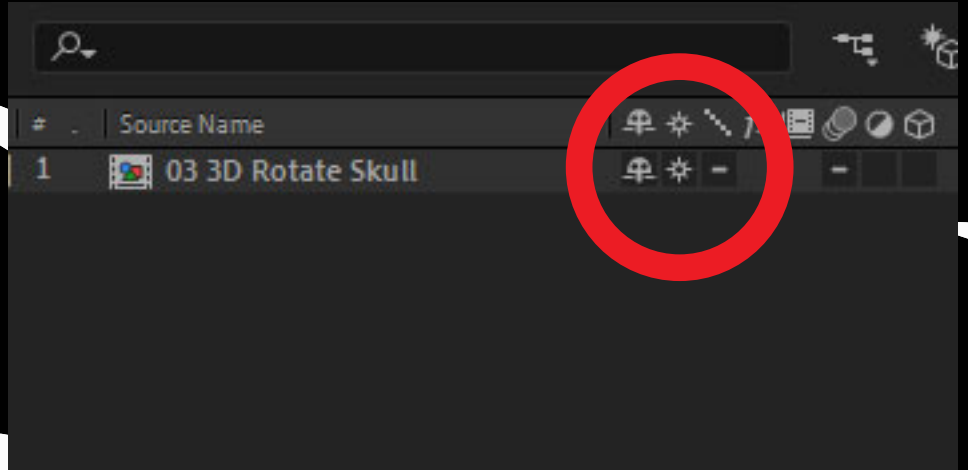

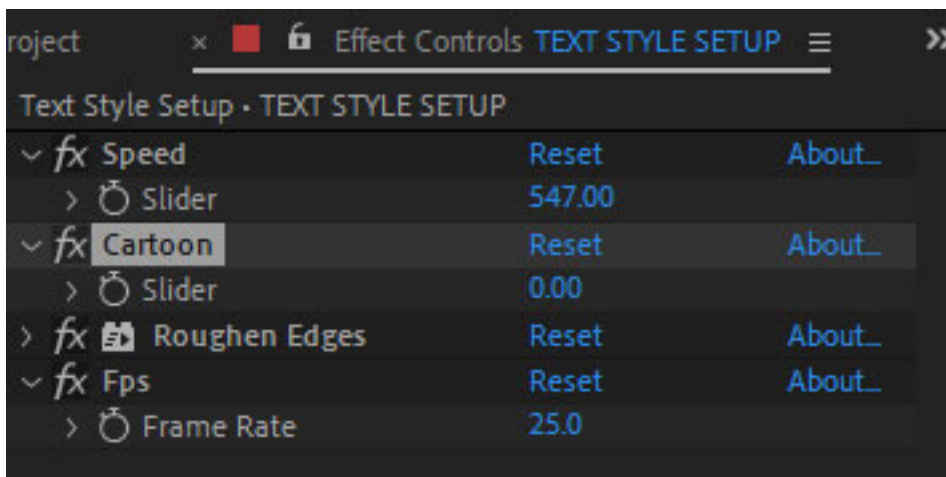

Another working plugin for changing colors is **Invert**. Just change the channel mode.

SCALING

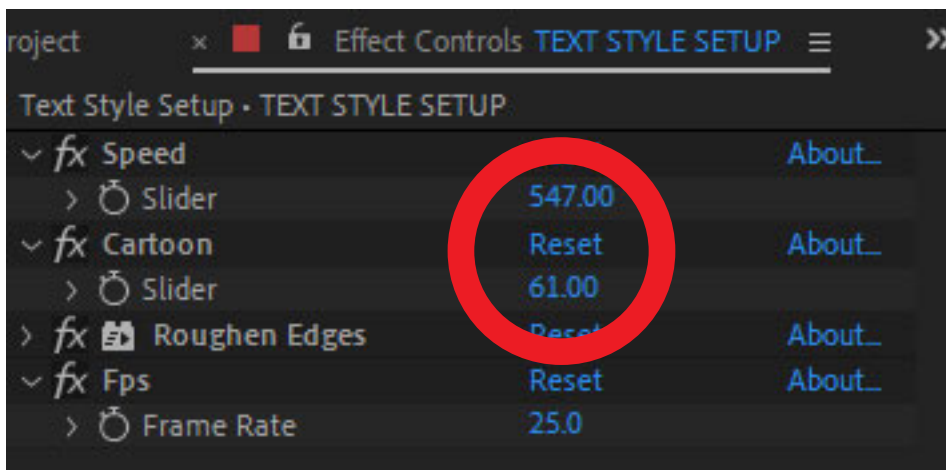

You can increase the animations to whatever size you want as long as **Continuously Rasterize on vector layers** is enabled.

TEXT
STYLE
SETUP

Adjust the **Cartoon Slider** to get an animated text effect. You can also change the animation speed and frame rate.
