How to work with project:

STEP BY STEP TUTORIAL

- ① Find in the project window "**01. Edit Comps**" folder. Open it.
- ② Open "**Colour**" folder.
- ③ Open "**Colour_Control**" composition.
- ④ In the Effects of the "**Colour_Control**" layer you can change colours.
- ⑤ In the "**Colour_Control**" you will find compositions called "**Change_Text_Block_..._Text...**".
Inside you can change the text. Text blocks are numbered according to their appearance in animation.
- ⑥ If you finished editing find in project window "**2. Render_Comps**" folder. Open it.
- ⑦ Add To Render Queue "**Final_Comp**" composition.

THANK YOU!
