

# MOTION MEDIA GROUP

## E-commerce | Online Store Promo

Use this clean and simple After Effects template to present your products or service with price tags. Good for internet, social media, tv and outdoor campaigns.

Choose from several styles with different titles and elements: presenting a new collection, white item page with a cart and a heart, black and white lower thirds, red square text plate, big numbers for presenting a next item with a discount, transparent text plate, minimal white, yellow and black pages for the item description.

Feel free to experiment with the design within the pack, mix different backgrounds, visual elements and colors to create your own new item pages.

The project has a modular structure, so you can take the scenes you want and reorder them.

### Project features:

## How to edit a project.

- 1) To edit a project, open the Edit folder. In it, you will see compositions with text and images that you can change. All of them are marked on the timeline, so you can edit the project sequentially and not get confused

- 2) for example, open the song Part\_3. Text editing layers are highlighted in green. Double click and you will be able to enter your text. In addition, you can see the composition for your placeholder on the timeline or in the Part\_3 folder. Open it to insert your photos or videos.

Other compositions in the project are edited using the same principle.
