Editing the template is simple and complete in 7 steps

1. First download the font family in the link <https://fonts.google.com/specimen/Barlow>
2. Create "CONTENT" folder in the After Effects project panel and import your media
3. Drag your square format collage media into placeholders and size your media
4. Drag your HD format main media into placeholders and size your media
5. Drag your logo media into logo placeholders and size your media
6. Edit text placeholders, main/speaker/social media/sponsor/date,time,place
7. If you want, you can make your desired color and adjustments in the final composition / SETTING layer.

import your files into "content" folder, this will give you scheme and convenience

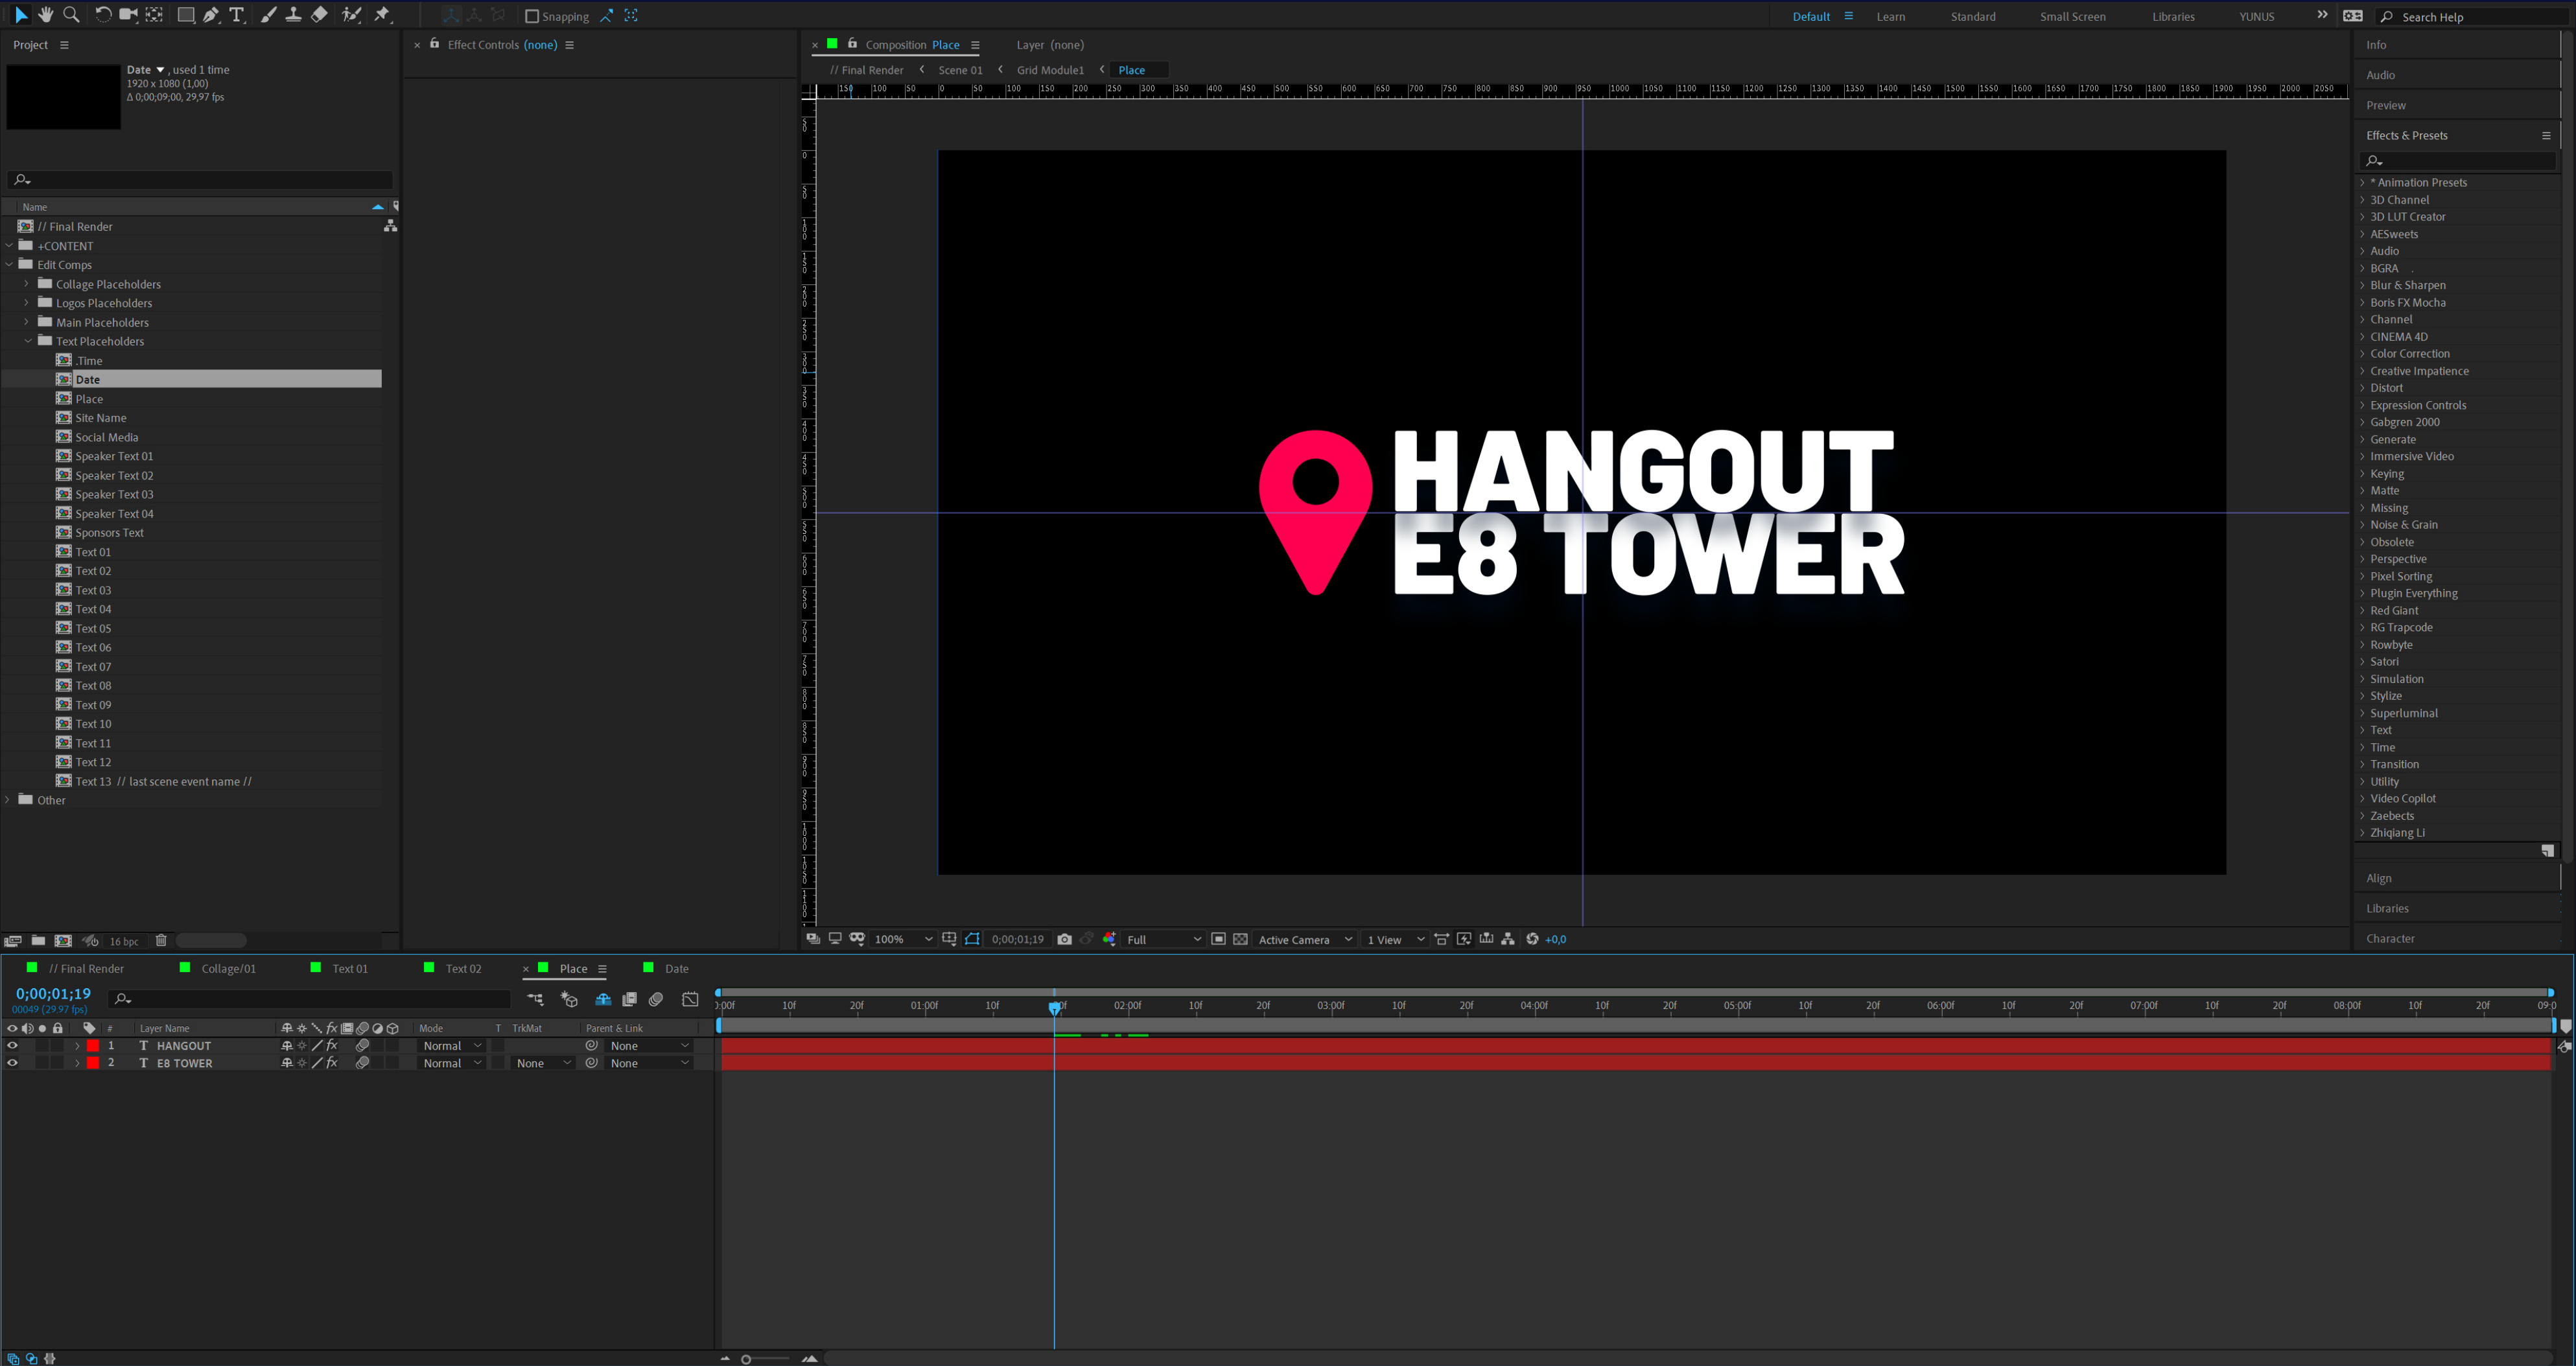

drag your media into  
placeholders and below the  
first layer, scale your media  
appropriately

! heed the warnings on the  
layer

edit all text in text placeholders  
folder  
and make the alignment  
average

It is quite easy and simple to check the template as seen in the example on the side.
