

## MOTION MEDIA GROUP

### **Fashion Interface Animation**

Premiere Pro template in the style of website interface animation for creating video openers and animated website interfaces with split transitions. It includes 19 typographic compositions with buttons for UI.

Trendy and clean typography draws the viewer's attention: great outline letters, multiple lines, sometimes they form the background, sometimes they are the main character of the shot. The typographic stylistic devices remind of the famous Swiss design. Use them for your text content.

Fashionable colors, muted brown and green, give your video friendly, warm, and comforting feels. Stylish transitions transform your photos into a piece of digital art.

### **Project features:**

**How to edit a project.**

- 1) To edit a project, open the Edit folder. In it, you will see sequences with text and images that you can change. All of them are marked on the timeline, so you can edit the project sequentially and not get confused

- 2) For example, open the Part\_05 sequence. The text editing sequence is called Part\_5 and is edited in Essential Graphics. You can insert your own image or video in the Photo Part\_5 sequence.

Other sequences in the project are edited using the same principle.
