

**Hello, thank you for purchasing my template!**

For the correct work of the template you need to install all the used fonts.  
(Links in the Font.txt file)

If you experience any problems with essential graphics panel, fast solution: try to update after effects and premiere pro to the latest version.

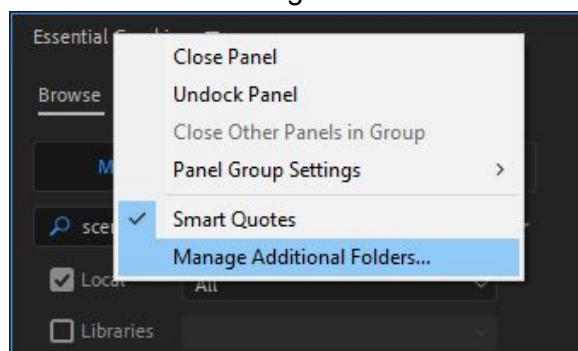

If you have troubles with project, contact me via the contact form on my profile page.

Open the window of Premire Pro  
Window > Essential Graphics

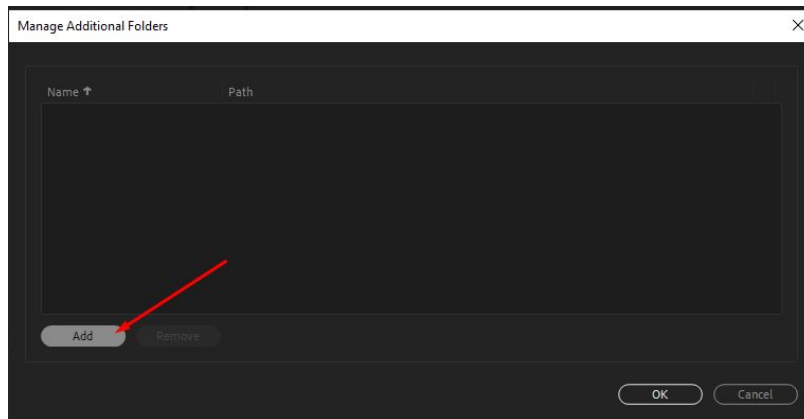

5. Right mouse button click on “Essential Graphics”

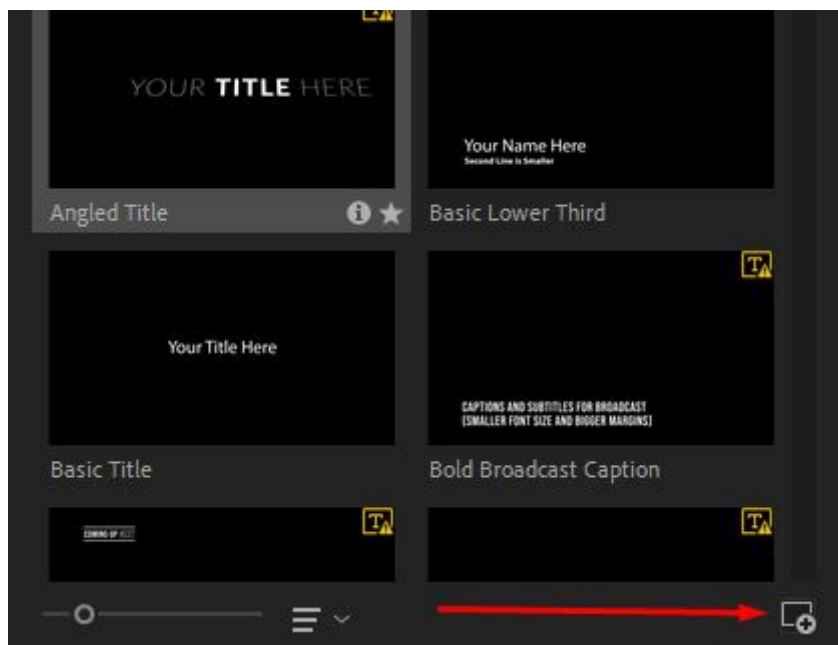

6. And click on “Manage Addition Folders”

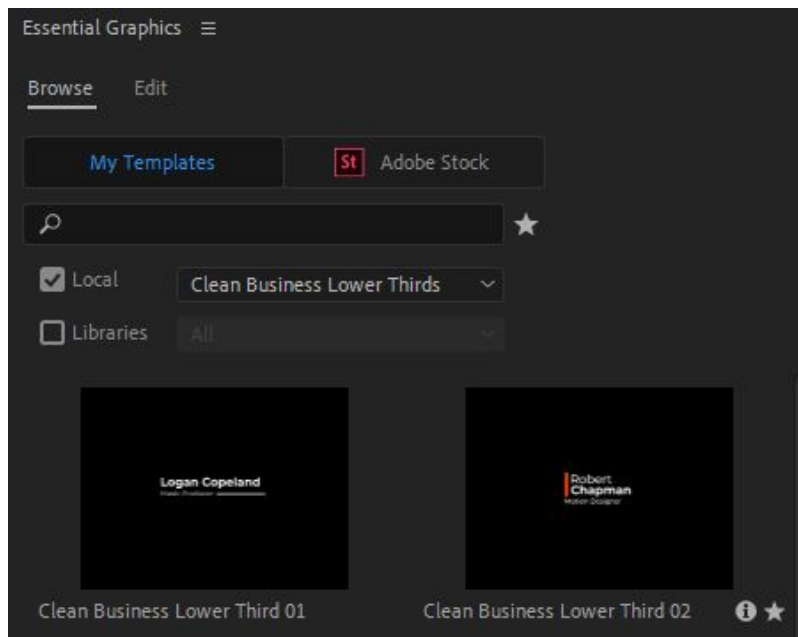

## 7. Add folder with MOGRT files

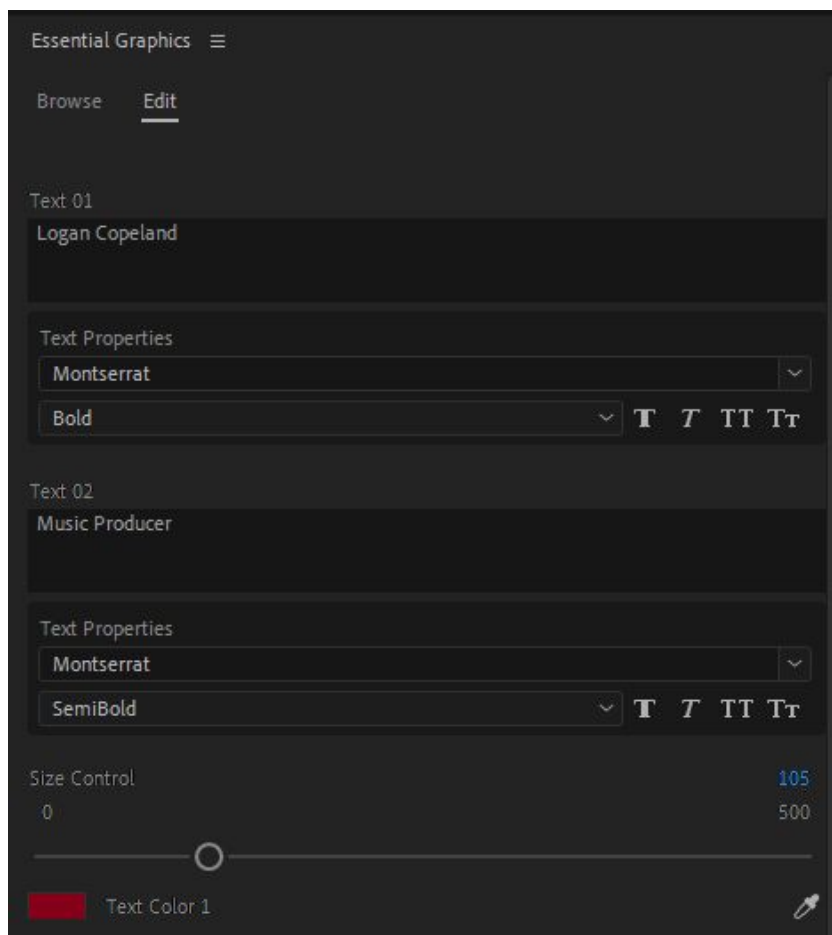

## 8. Or click on “Install Motion Graphic Template” (bottom in Essential Graphic panel)

## 9. Go to our “Clean Business Lower Thirds” folder

10. This folder includes all templates with Lower Thirds which you can use.
11. Drag on your timeline
12. To change general settings like text, colors, scale, position go to Essential Graphics panel > Edit

13. Done
