Final Cut Pro X Templates Installation

Please follow the instructions below to properly install your Final Cut Pro templates

If you do not have Apple Motion Installed and only FCPx

Go to your Applications folder, Right click on the Final Cut Pro X application icon and select "show package contents" then follow the path below and place the downloaded product folder in the:

/Applications/Final Cut Pro/Contents/Plugins/MediaProviders/MotionEffect.fxp/Contents/Resources/Templates/Titles folder.

If you have Apple Motion Installed in your Mac.

Open search, and search for "Movies" folder, once found, open it and put the downloaded product folder in **Movies/Motion Templates/Titles** folder.

I hope you'll enjoy my template!
