

## 1 How to install the template (FCPX)

This template can be used inside Final Cut X with or without Apple Motion installed. Depending if you have or not Apple Motion installed on your Mac, the installation process is different. If you have Motion and Final Cut X please use the first method. If you have only Final Cut X but no Motion, please use the second method. If you have only Motion but no Final Cut X you do not need to install the templates. After installation, restart Final Cut X if it is running.
