

Hello, dear colleagues!

Thanks for buying this template.

This After Effects CS6 project is very easy to customize.

All the items comps and images are well arranged with comments in Project Window.

And I have placed markers with comments wherever required in Time Line.

Simply you can customize the project with your images or videos.

-----

You can check the images in the following pages which will help you in customizing the project.

Composition: Logo Comp\_Rectangle

Editing “=Scene\_00”

Changing Logo :

The Scenes 00 and 11 is using the Same Logo Comp which is kept inside the folder “=Scene\_00”. So open the comp named “Logo Image\_Rectangle” or “Logo Image\_Square” kept inside the folder “=Scene\_00” and keep your logo.

This two “Logo Comp\_Rectangle” and “Logo Comp\_Square” precomps are kept inside the precomp named “Logo”. So here select the logo layer based on the shape and make it visible.
