Instruction Steps

Adobe After Effects CC 2016 (software) or newer version required to open and edit the template file.
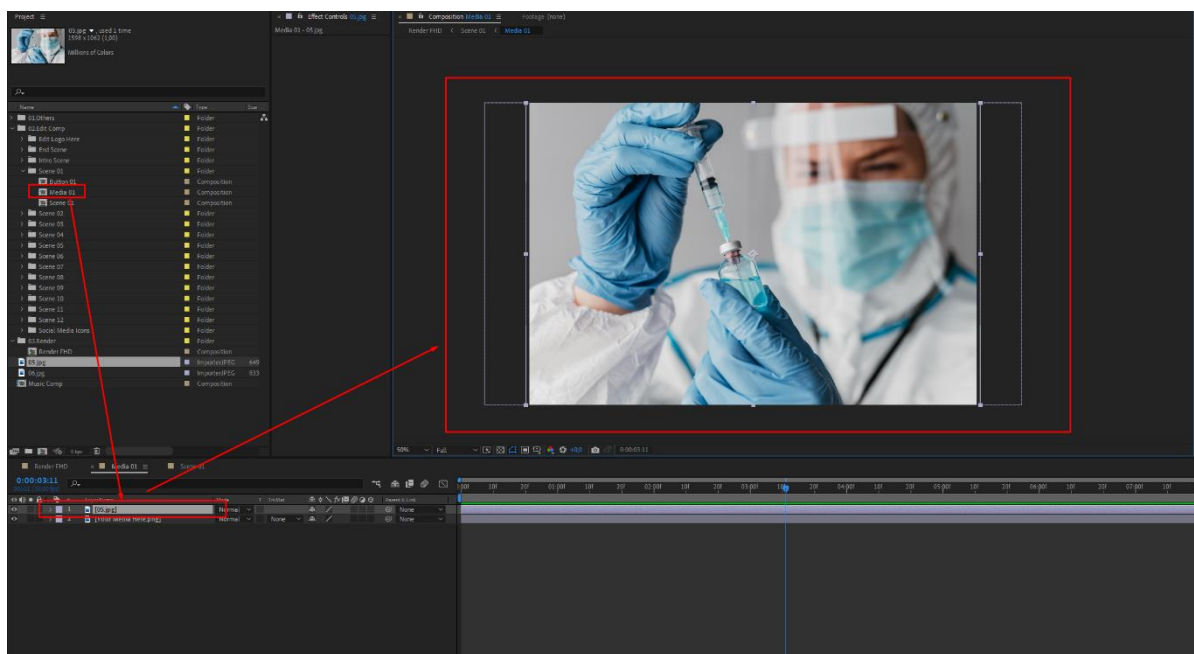

First download font and install

--------------------**Here are a few instructions that will help** --------------------
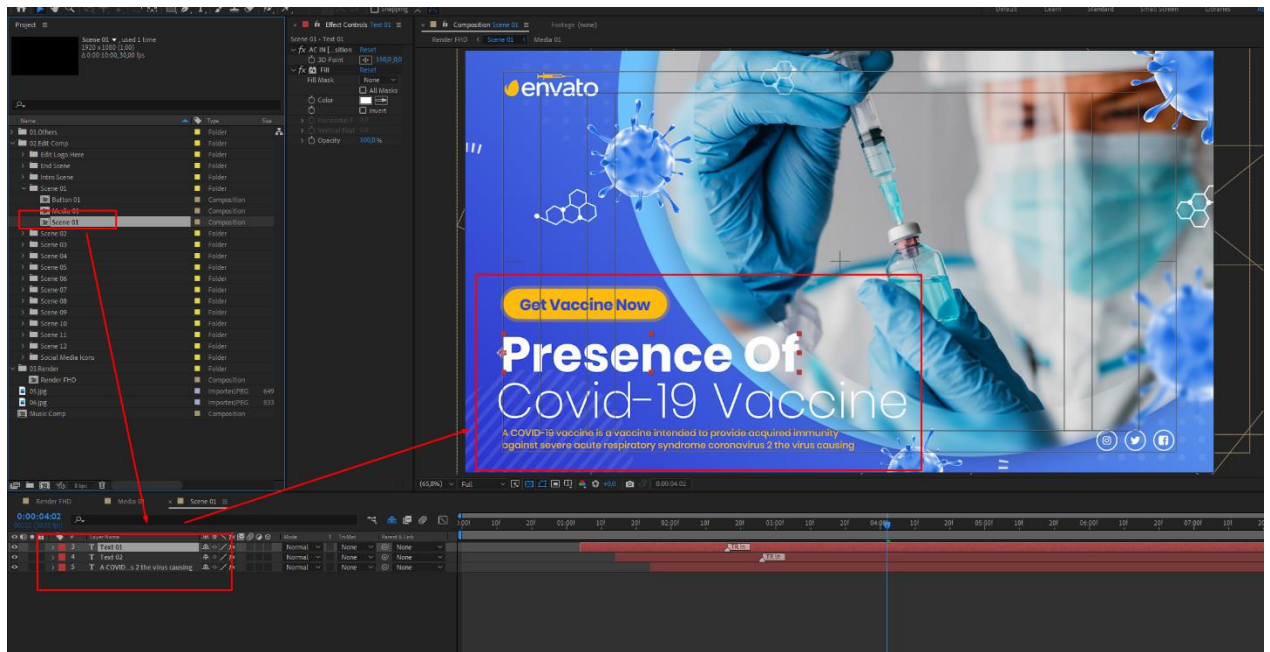

Folder "02. Edit Comps"
Here you can edit text and media for your project .

Open **"Media ##"** composition. Import your media and drag into timeline.

Open **"Scene ##"** composition. Double click text and type your text.

You can edit color on **"Control"** panel

--**AUDIO** --
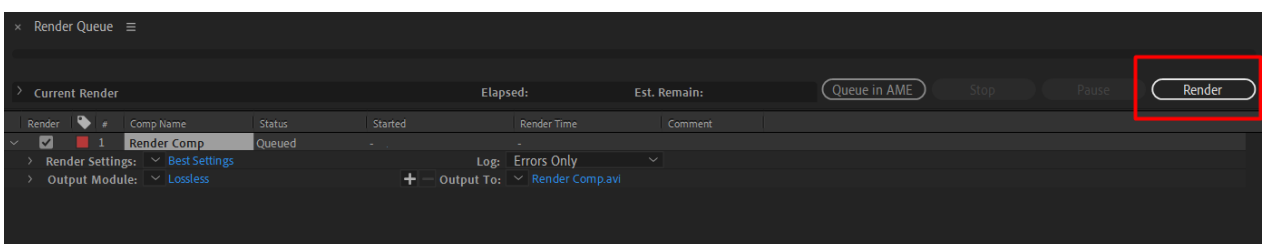

In After Effects click on the menu option: File > Import > File (search the audio file, click on it, then click Open). Open the "Render Comp" folder. Open the composition Render Comp. Drag and drop your audio in this composition.

-------------------------------**RENDER VIDEO**-------------------------------

Open **"Render Comp"** composition. click on the menu option Composition > Add to render queue

Select the desired output format and the video location. Click on Render option.
