Colorful Testimonials

After Effects template for making testimonials and reviews. Show what your clients speak about you and your work in a fresh and creative way.

Use bright design and vivid colors: red, yellow, and blue. Testimonials have never been so cheerful yet: liquid shapes and transitions, colorful waves, drawn-like quotations and decorations - let testimonials be emotional, inspiring and motivating! Stars, hearts, dots, triangles, squares, curles, crosses, and circles, - take any form to match your brand.

Choose top customers or celebrities to influence your consumer buying behavior. Insert their photos and phrases and publish the testimonial video on your website, YouTube channel, and social media - Instagram, Facebook, Snapchat, and VK.

How to edit a project.

The project has a modular structure. Each module has a separate folder for editing.

For example, let's edit Part_3. Open the Part_3 folder and inside you will see 2 compositions: one for editing text, the second for your images =) Everything is very simple... open them, replace the text with your own, and insert photos.

Other compositions in the project are edited using the same principle.
