EDITING PROJECT

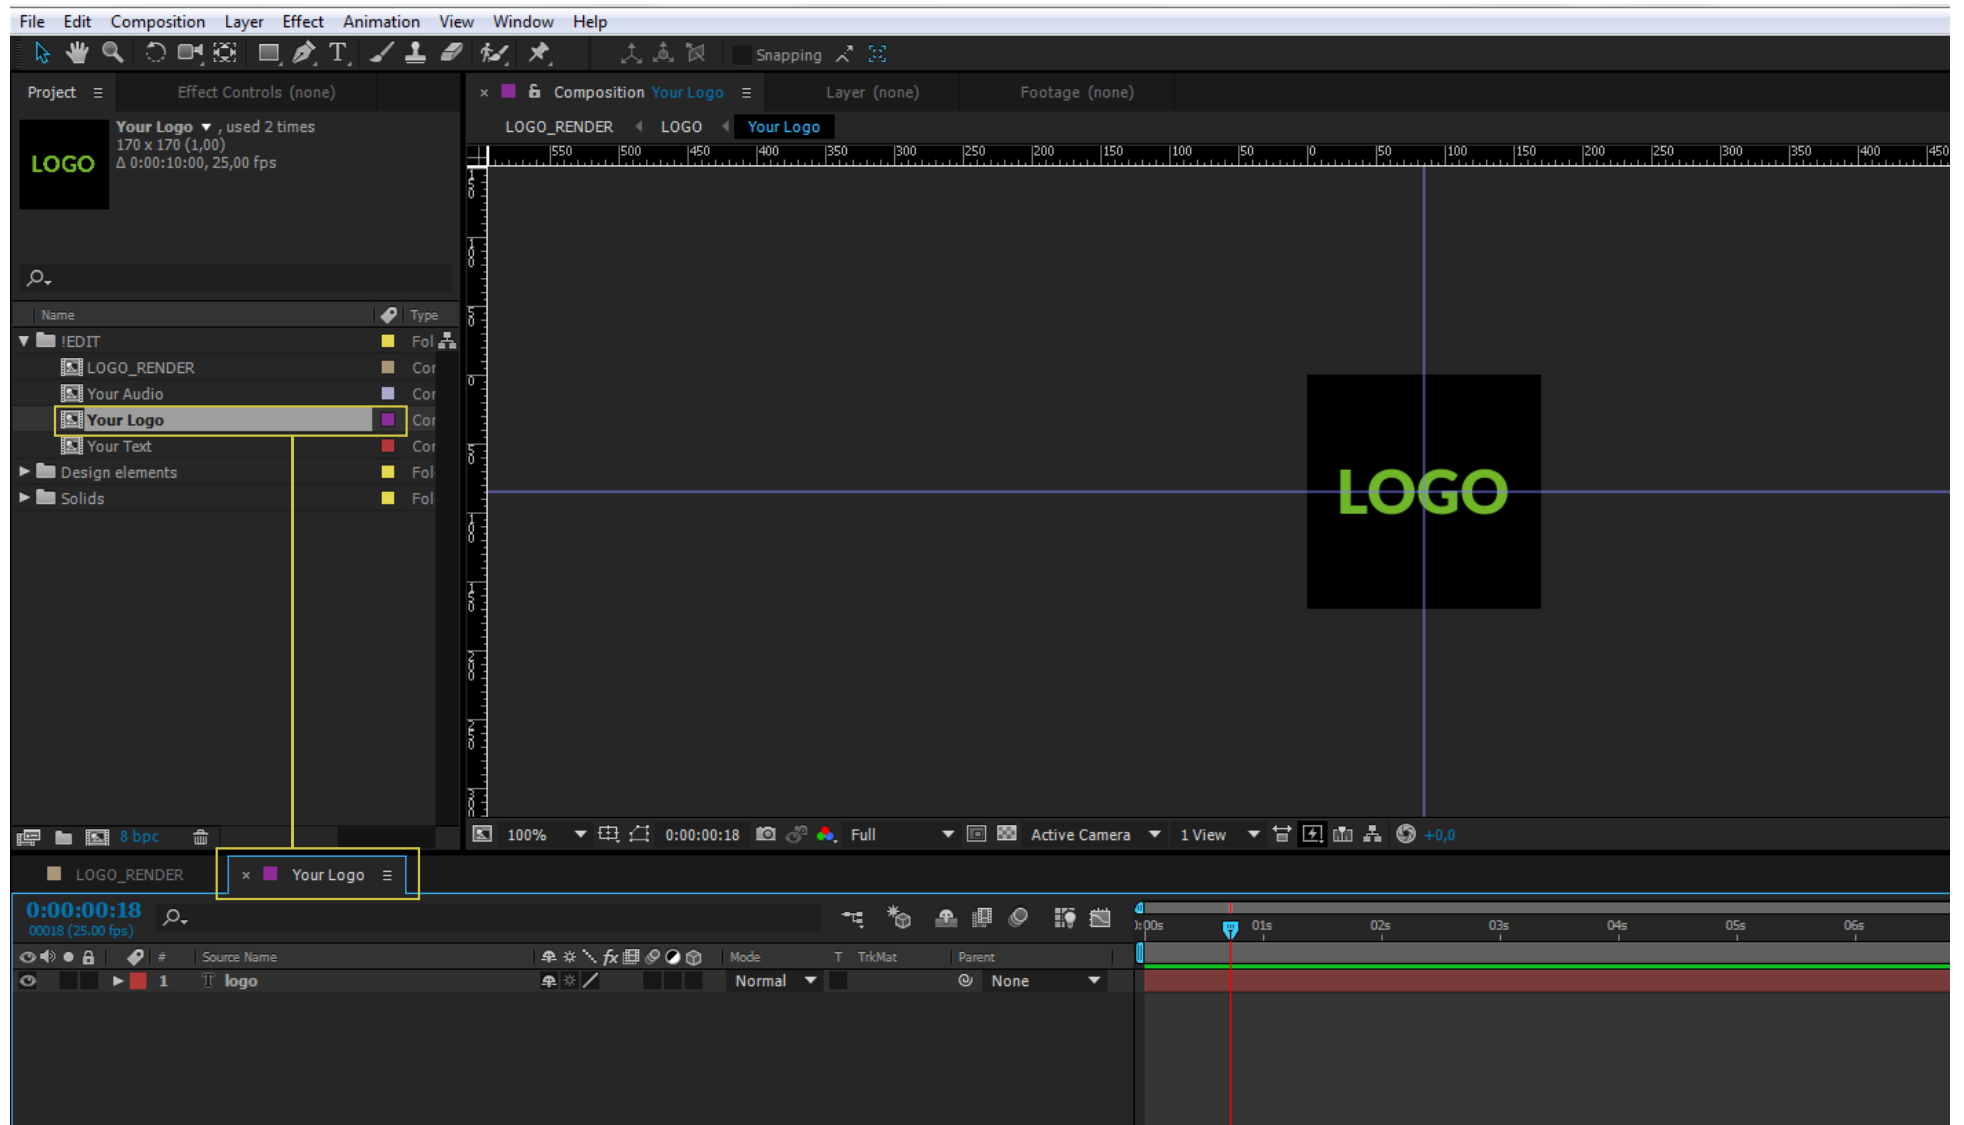

Go to folder “!EDIT”:

all editable compositions are grouped here.

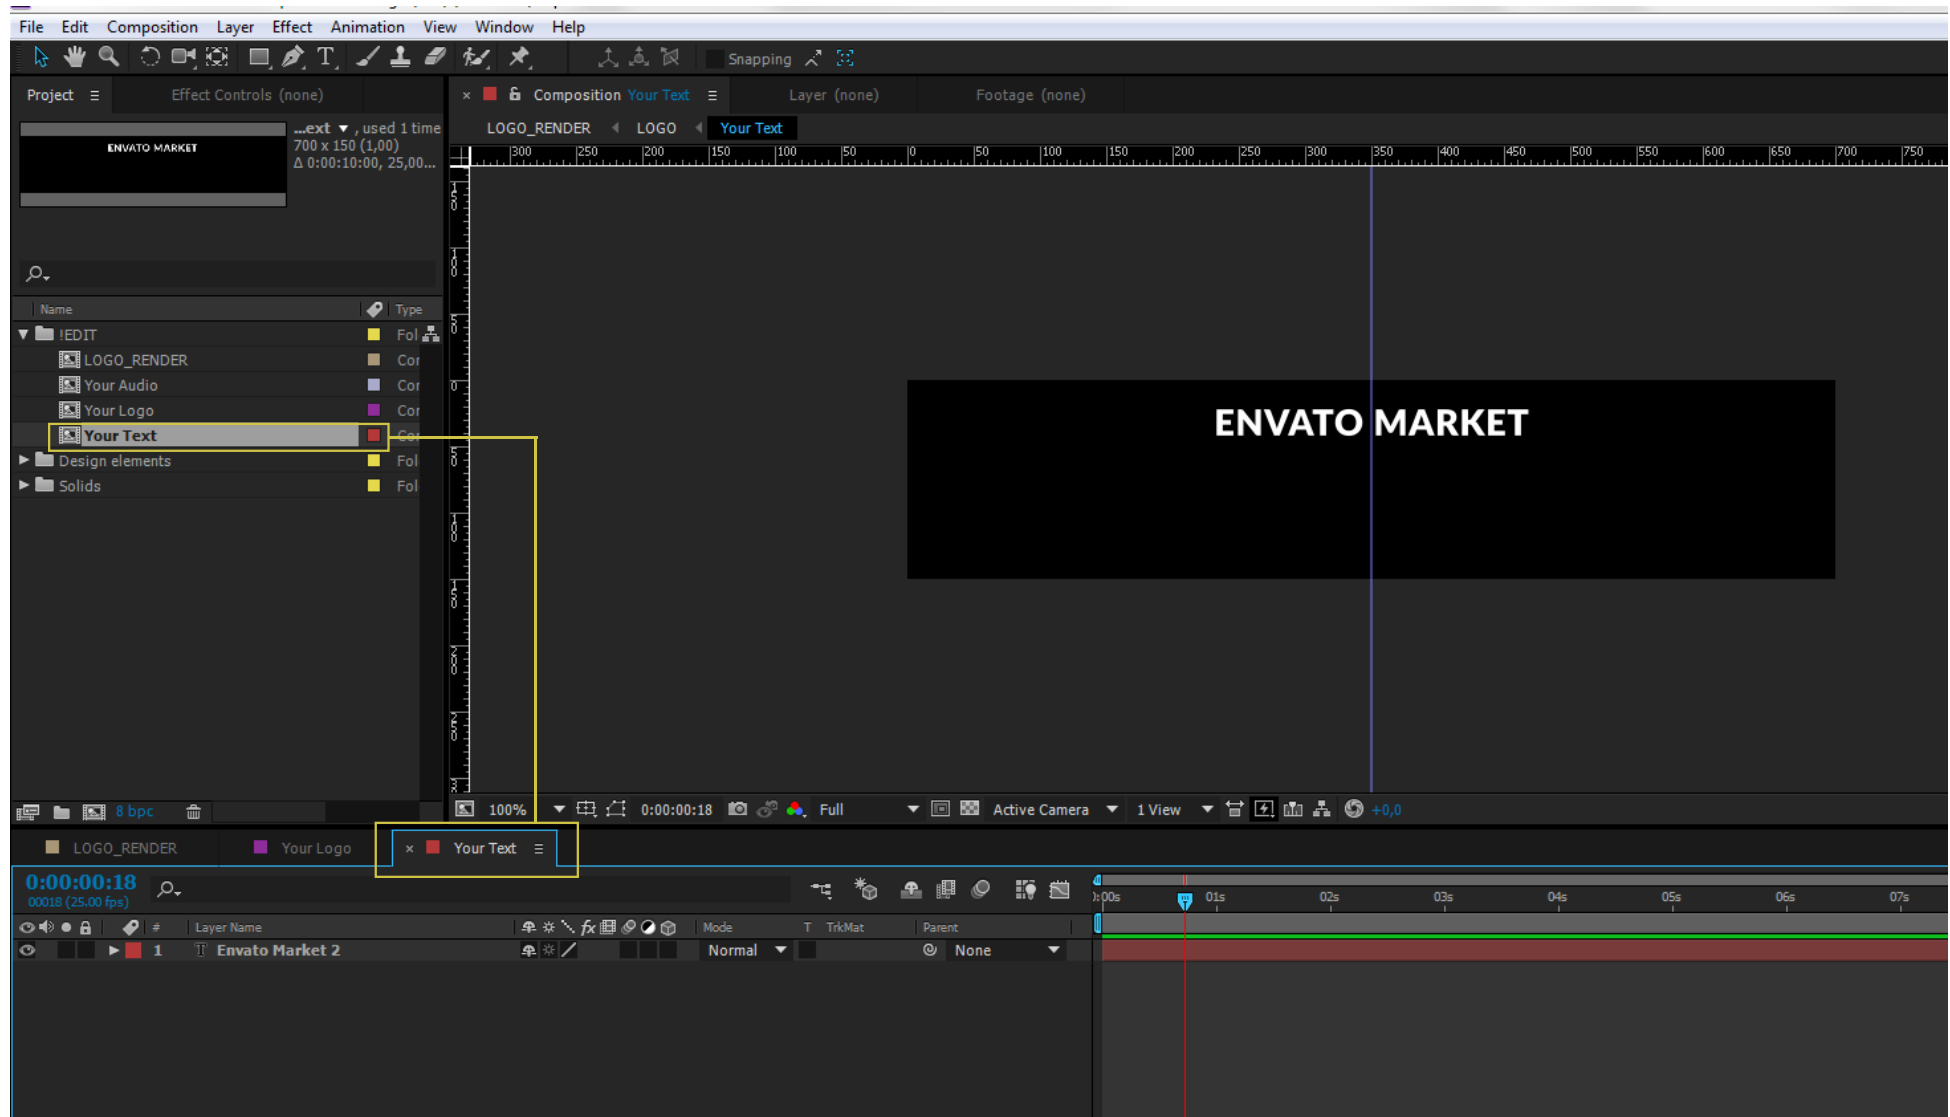

1. LOGO

- Place your **LOGO** in composition "**Your Logo**"
- Press "**S**" on your keyboard to scale it to the right size.

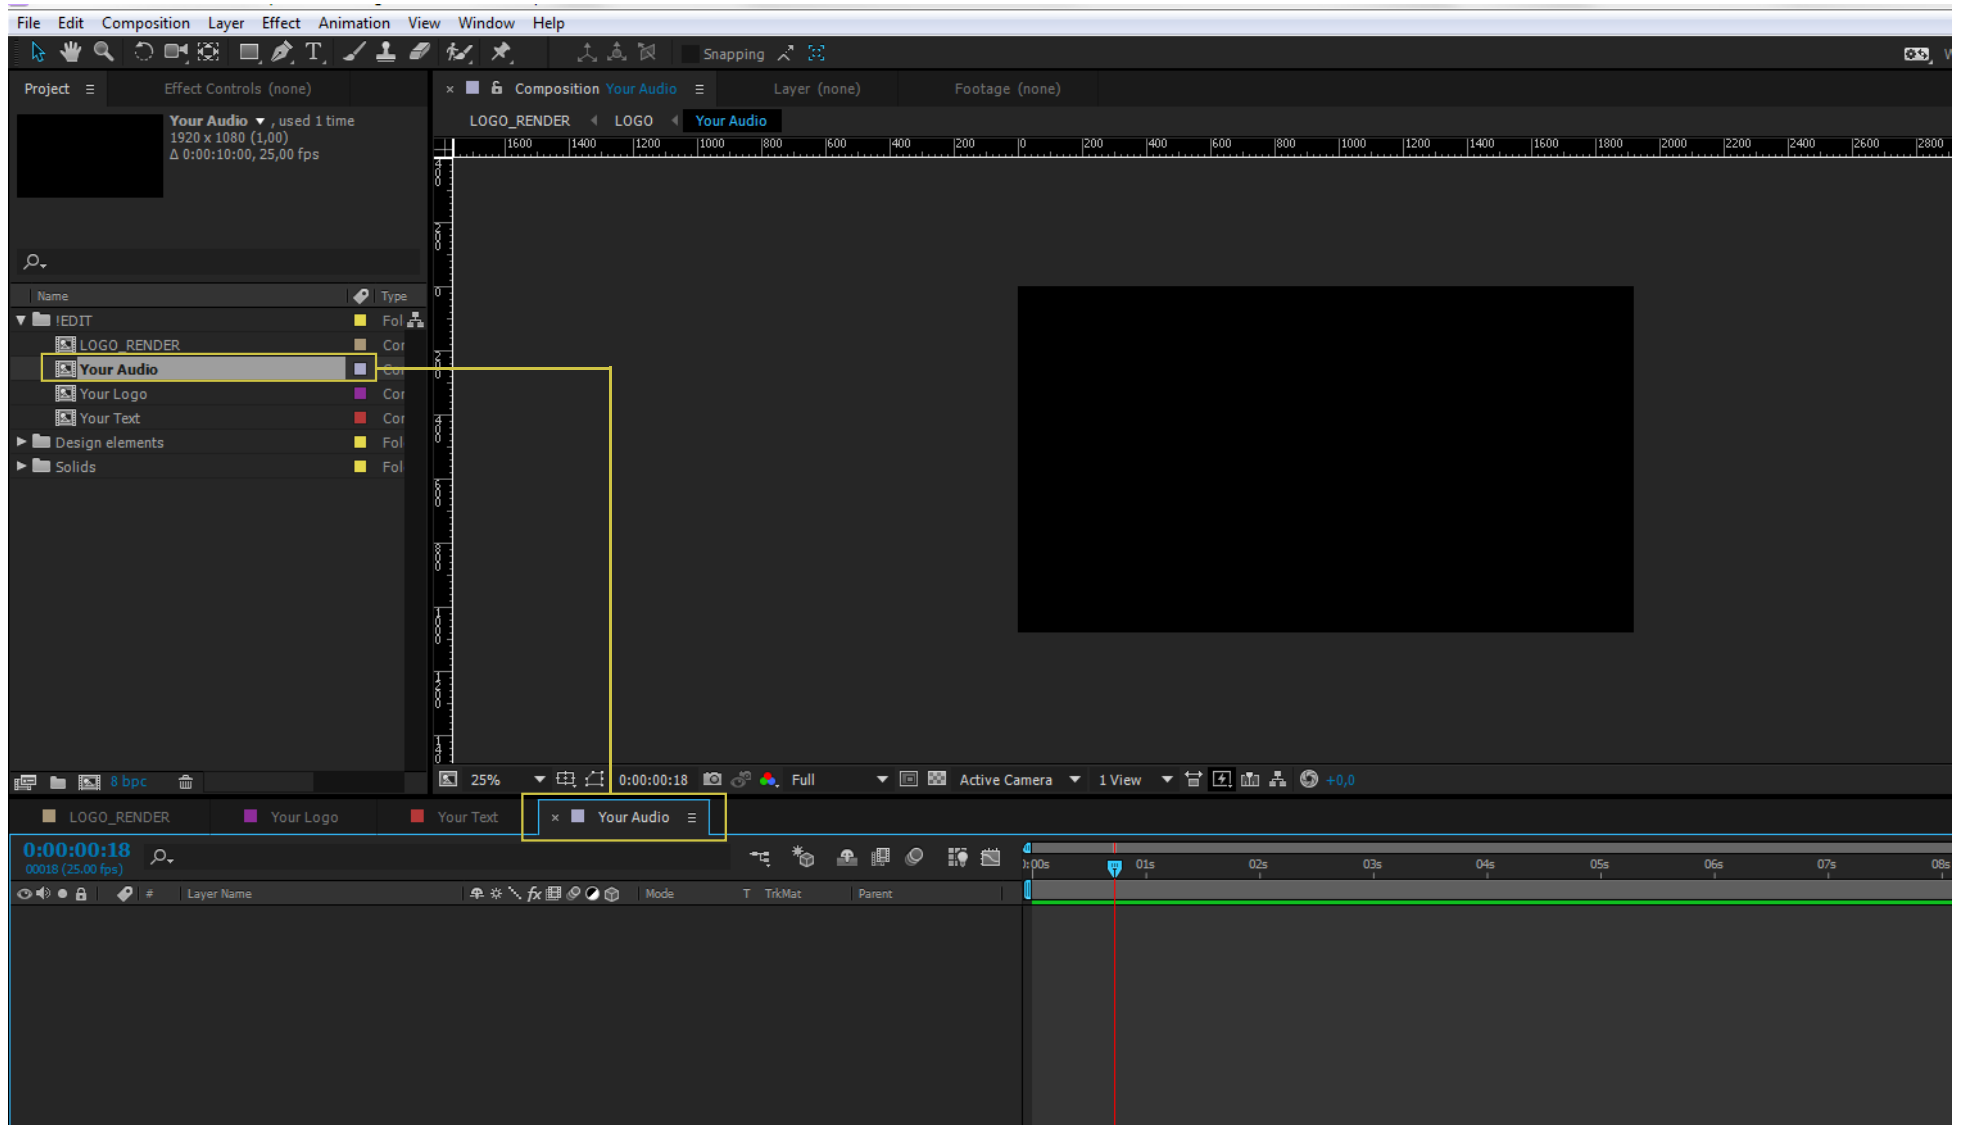

2. TEXT

Edit Text in composition "Your Text" .

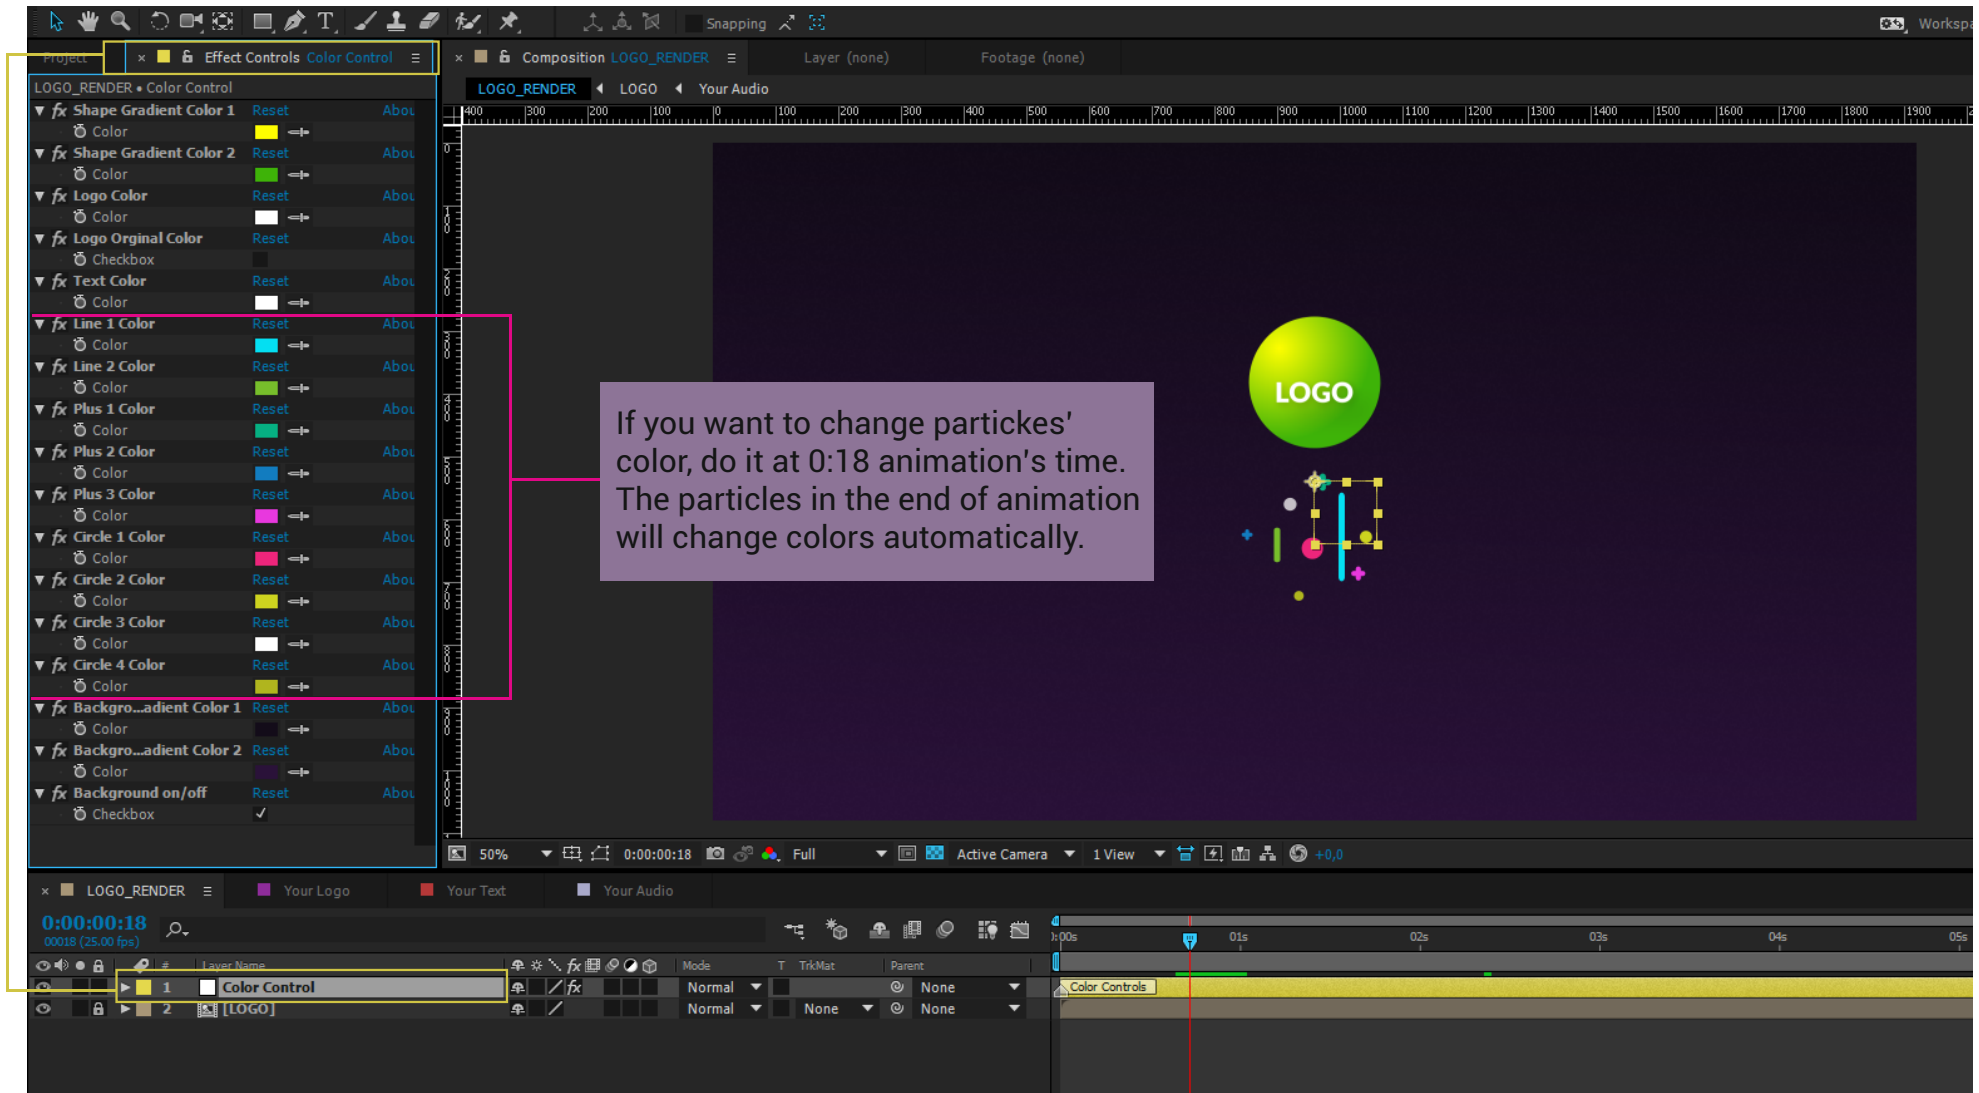

3. AUDIO

Place your **Audio** in composition "**Your Audio**".

4. COLOR CONTROLS

- Open comp "LOGO_RENDER"
- Choose layer "Color Control" and go to the pannel "Effect Controls".
- Click color you want to change and change it in **Color Picker**.
- You can also switch off the **Background** and switch on the **Logo Original Color**.

Thank You for purchase!
