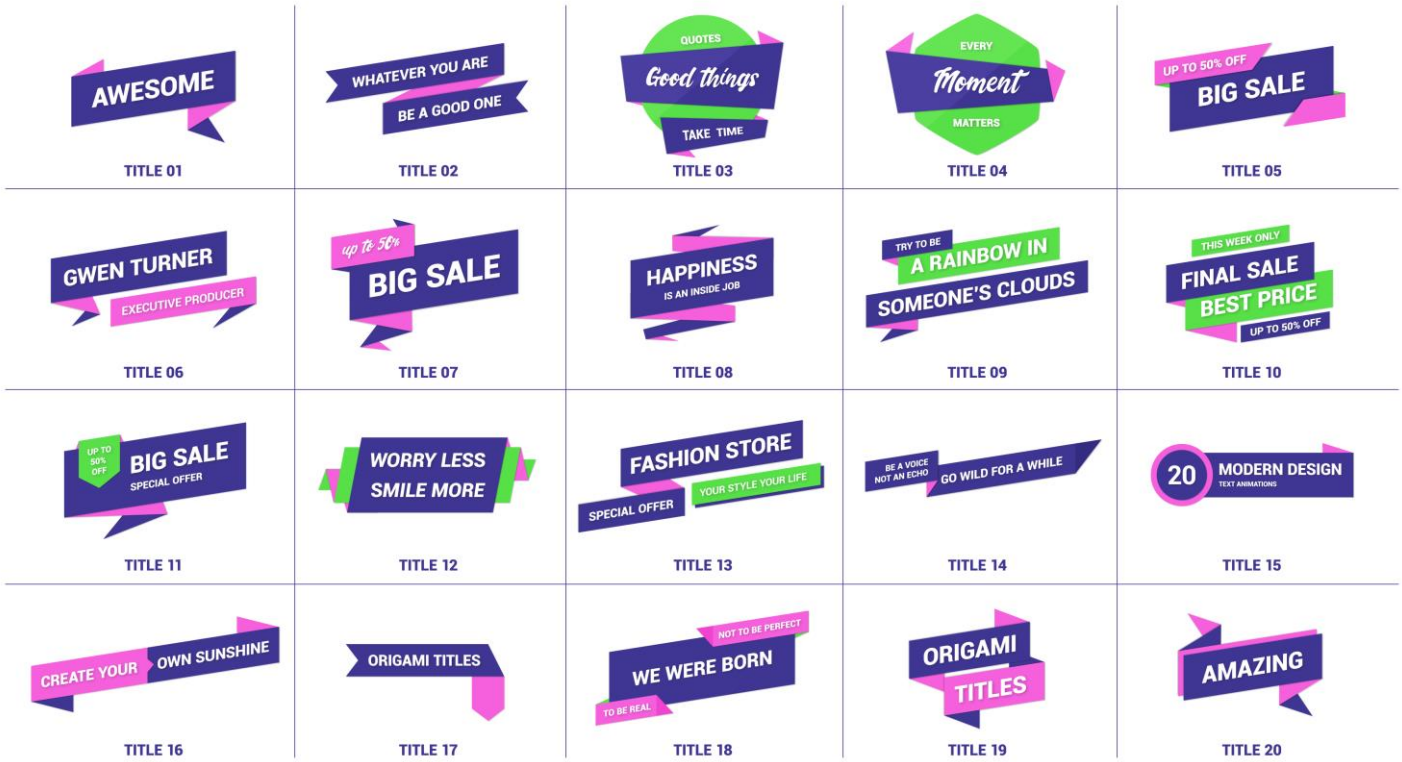
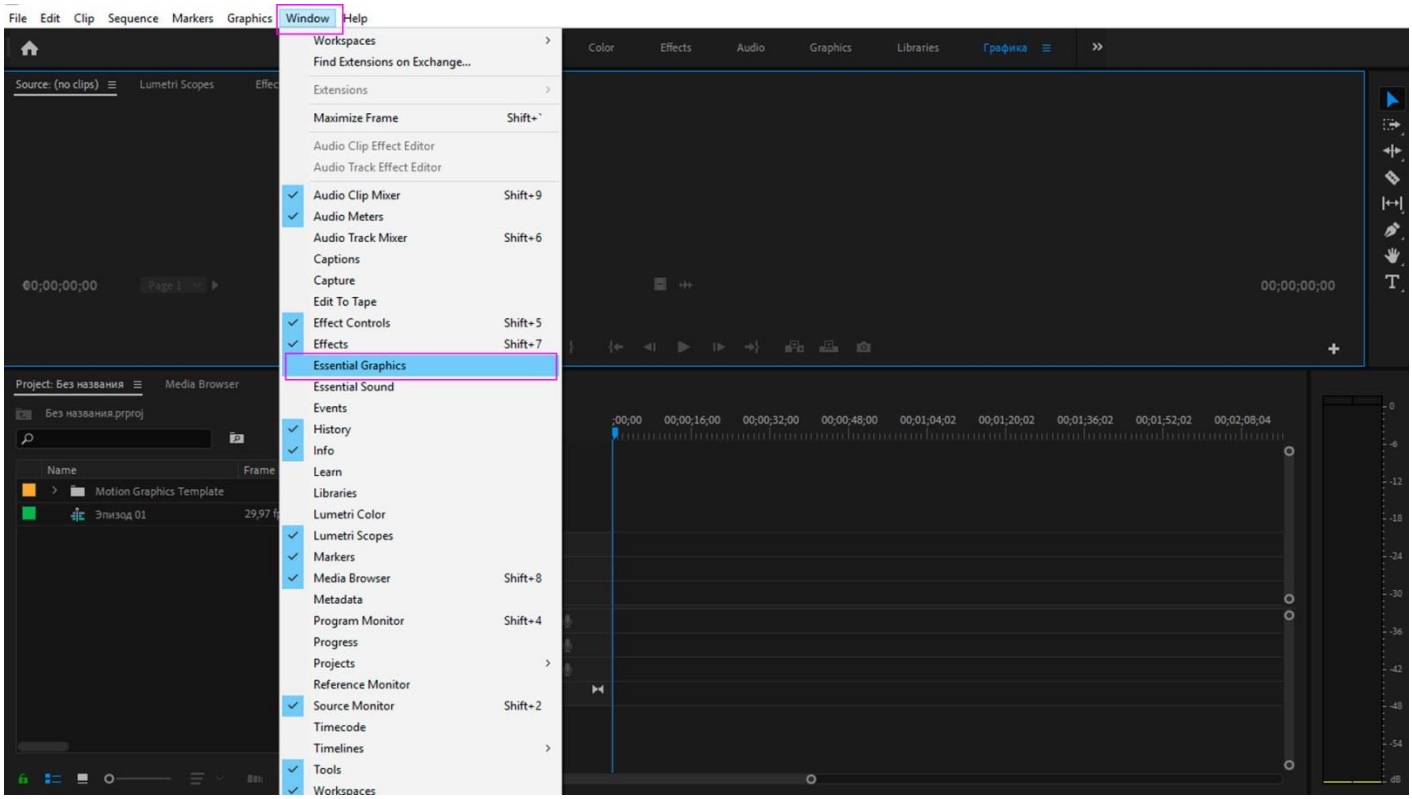
Origami Titles



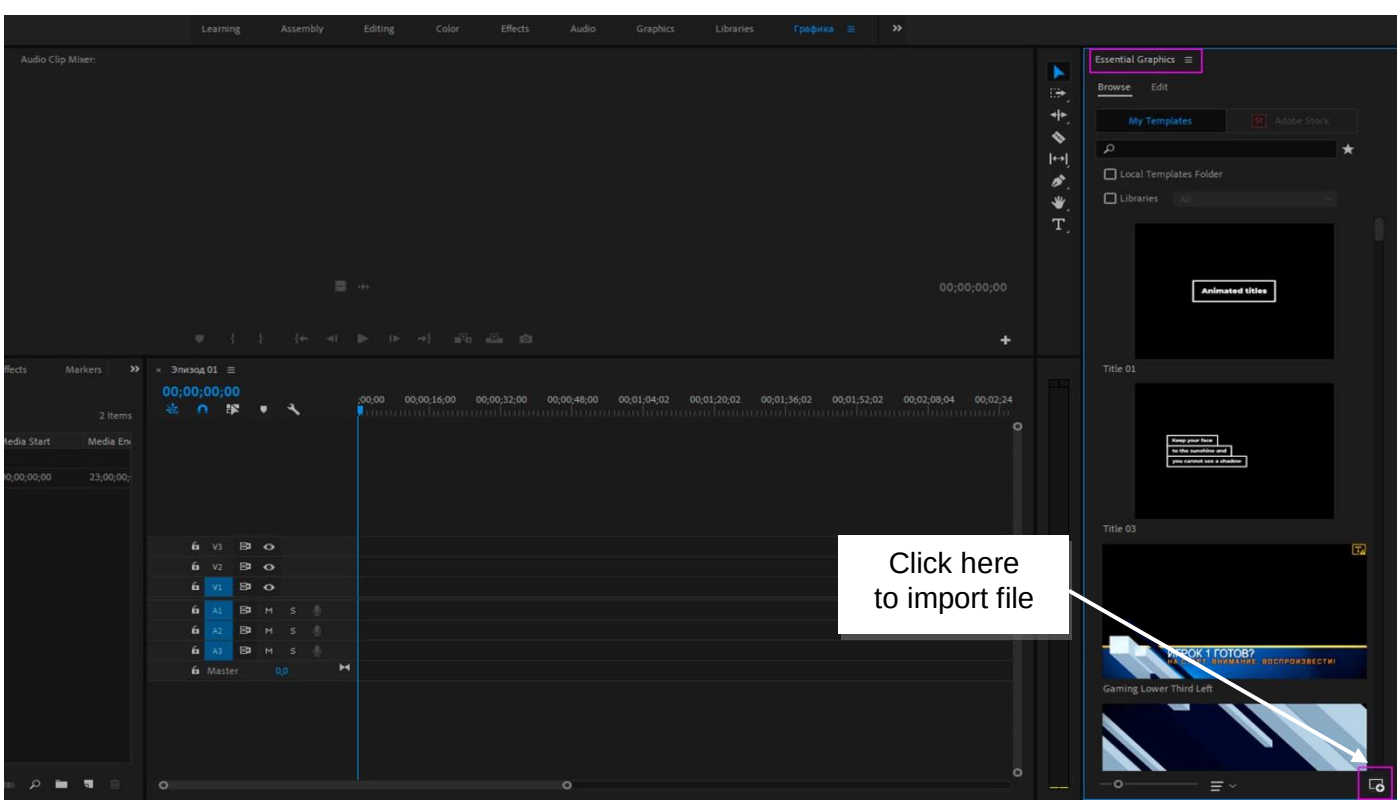
Before open the project, download and install this free font:
https://www.dafont.com/roboto.font
https://www.dafont.com/handletterink.font

How to Install one .mogrt at a time

Open Essential Graphics Panel:



Click on the “+” symbol, this will import the .mogrt into your Essential Graphics Panel and store it in your local templates folder.



How to Install multiple .mogrt files

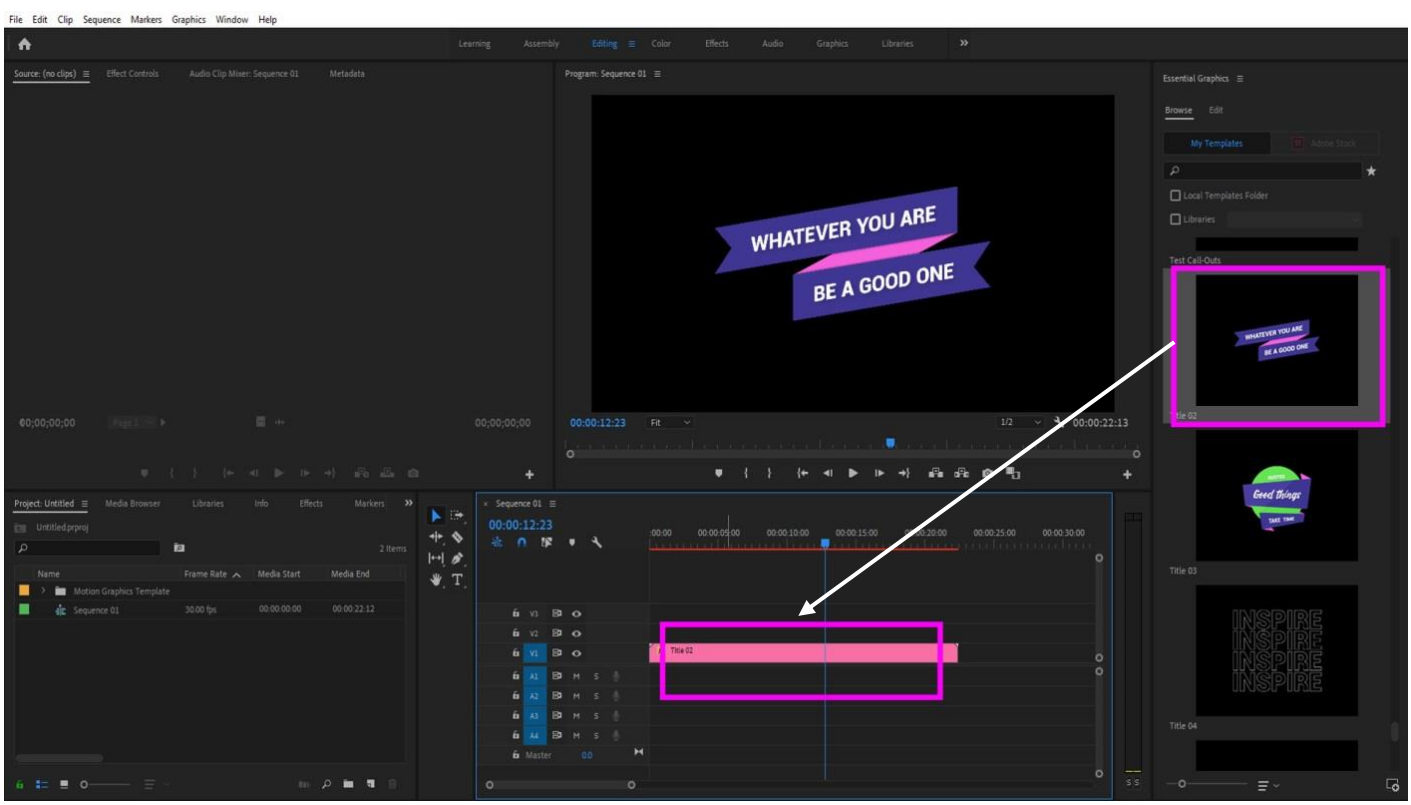
To import multiple .mogrt files at a time copy files into your local templates folder directly:

(mac): username/Library/Application Support/Adobe/Common/Essential Graphics/

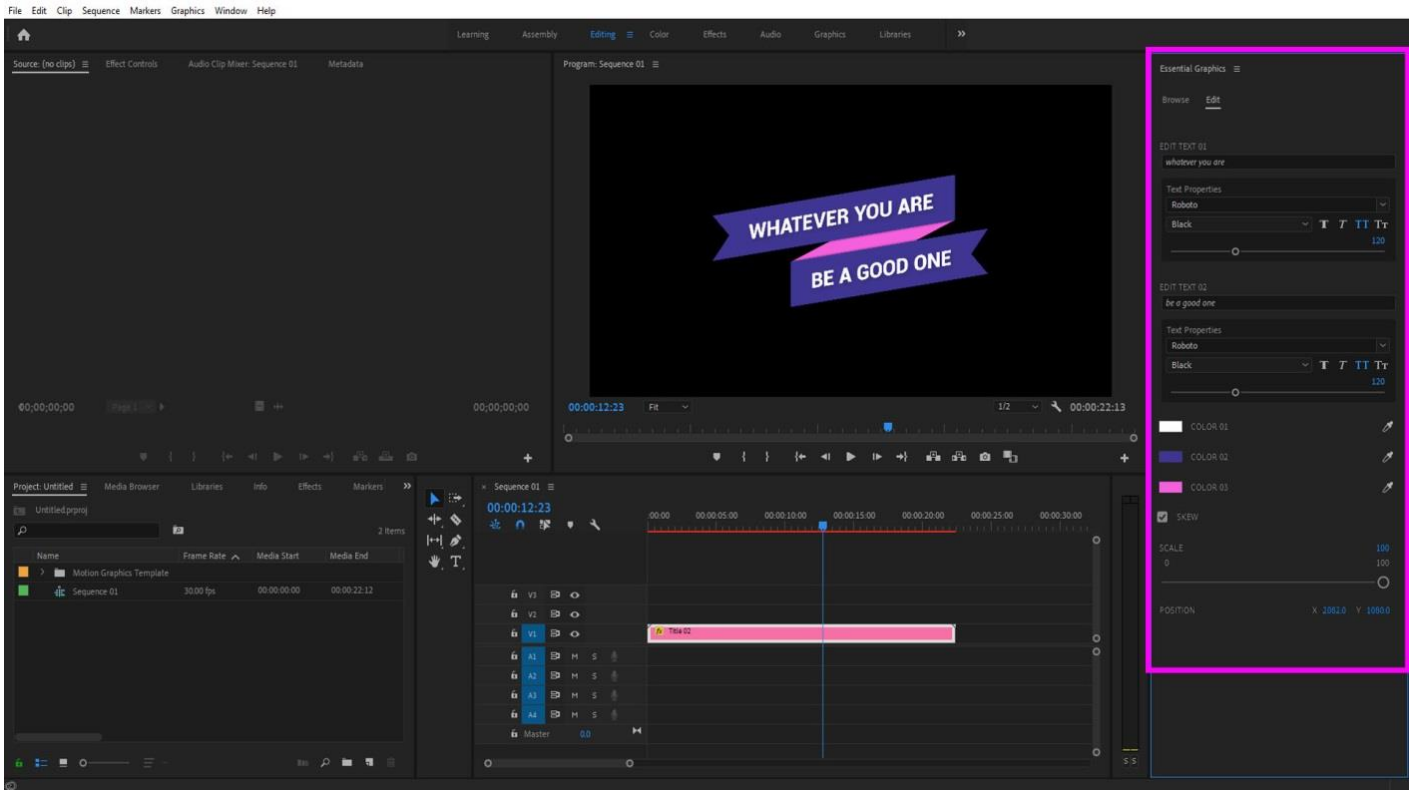
(win): root ://Users/username/AppData/Roaming/Adobe/Common/Essential Graphics/

.mogrt files editing

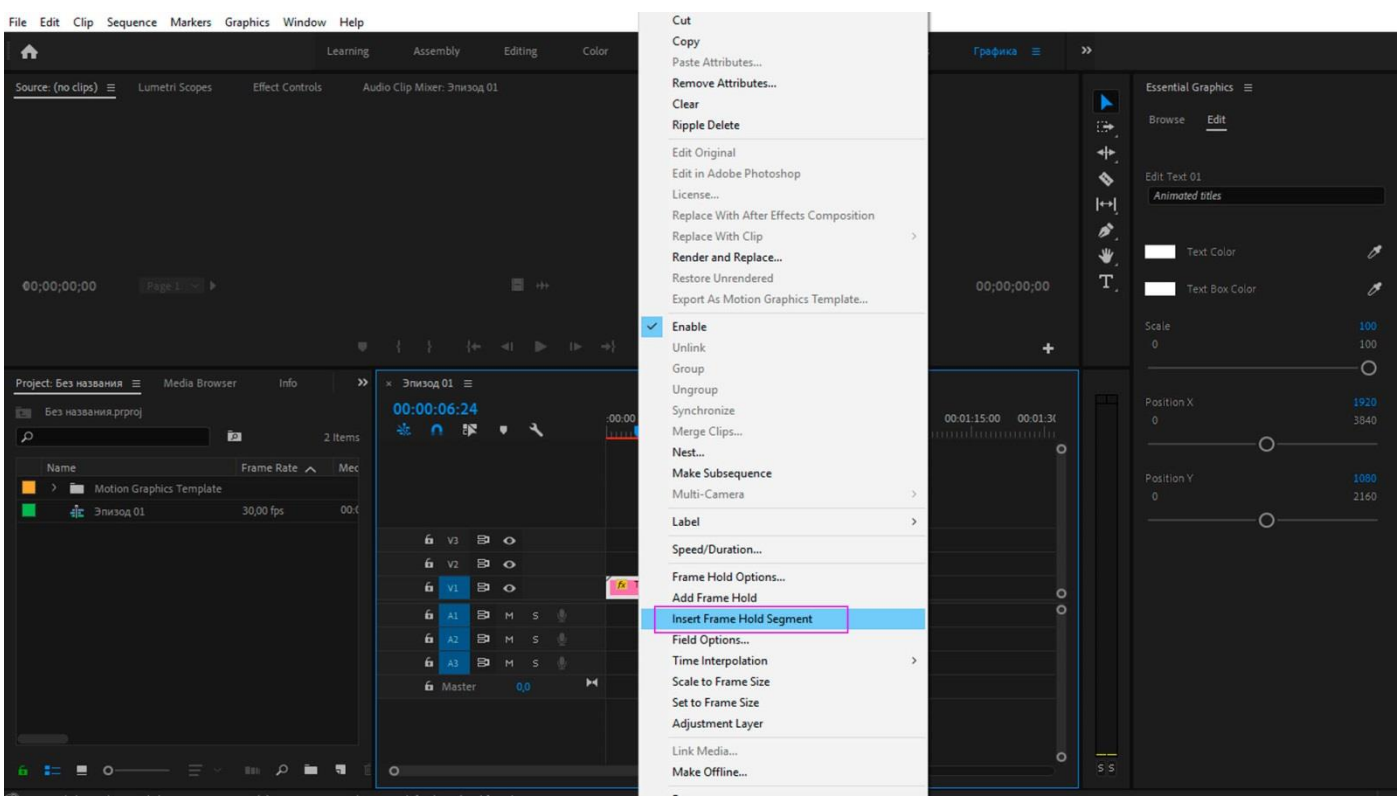
After you install a .mogrt drag and drop it from your Essential Graphics Panel into your timeline and then you can update text, colors, scale and position.



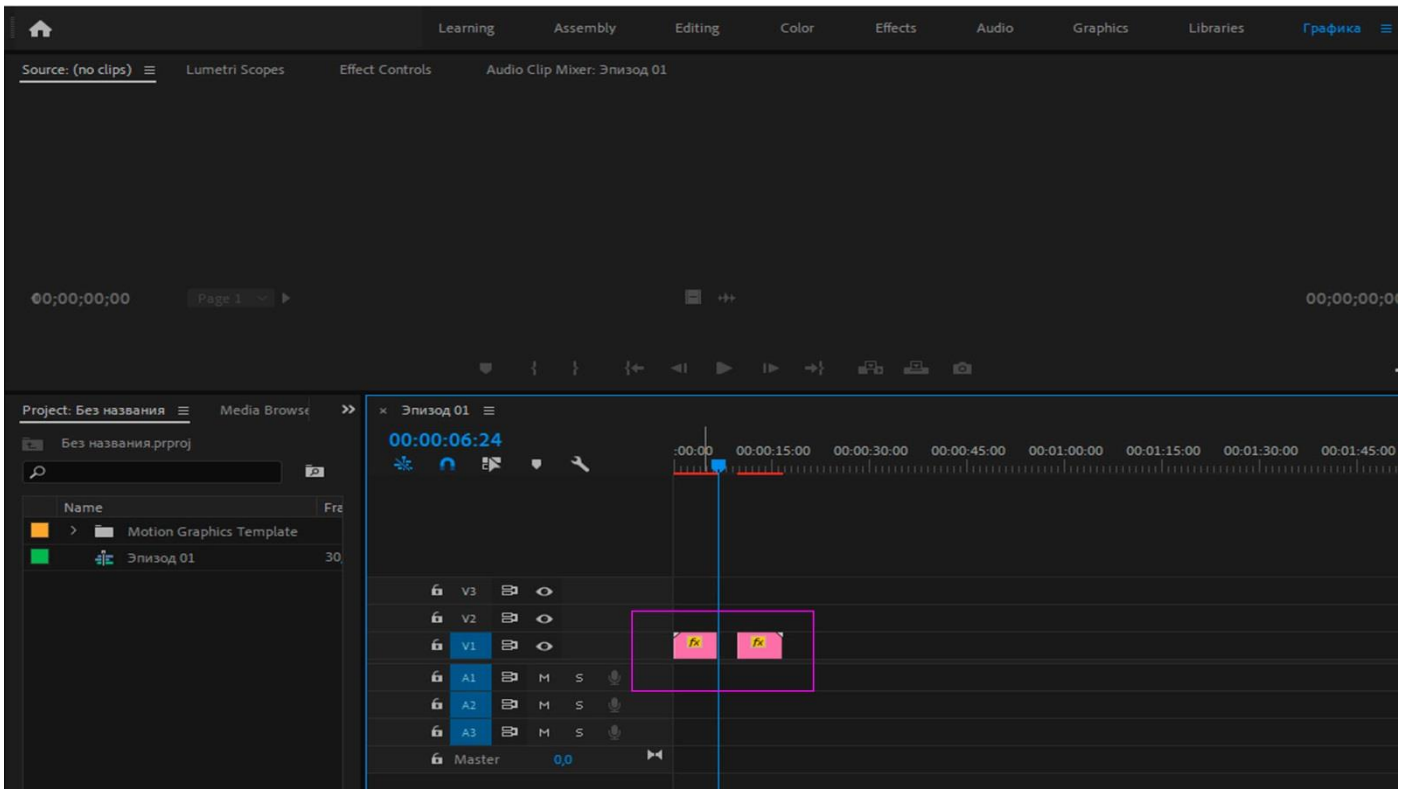
Click on the **Title file** and make all necessary changes in **Essential Graphics panel**.



To increase the duration make “insert frame hold segment”.



For decrease the duration just cut the excess.



You can use the same Title several times, and each time to make different changes.

That is all!
