Files Included: Motion Graphics Template Files
Requires Plugins: No plugins required
Length: 0:20
Resolution: Full HD (1920 × 1080)
Universal Expressions: Yes
PDF Tutorial: Yes

PROJECT SETTINGS

Open your project in «Premiere Pro».

Open the window of «Essential Graphics»: «Window» -> «Essential Graphics».

Install «Mogrt» files: «Graphics» -> «Install Motion Graphics Template».

Or select «Manage Additional Folders». In the «Essential Graphics» window, to the right of the window name, left-click on the button that would cause a pop-up mine. In menu select «Manage Additional Folders». In the window that appears, click «Add» and select the folders you want.

Drag the file you selected to the timeline.

Select the file on the timeline and go to the «Edit» tab in the «Essential Graphics» window.

Group «Background»

Background On / Off
Turn on or off the background.

Background
Set the background color.

Background Panel
Set the color of the sidebar on the background.

Background Panel Opacity
