**Software  Required:**        **Adobe Premiere pro CC 2019**
                                  **For Logo version (Adobe After Effects CC 2019) required**
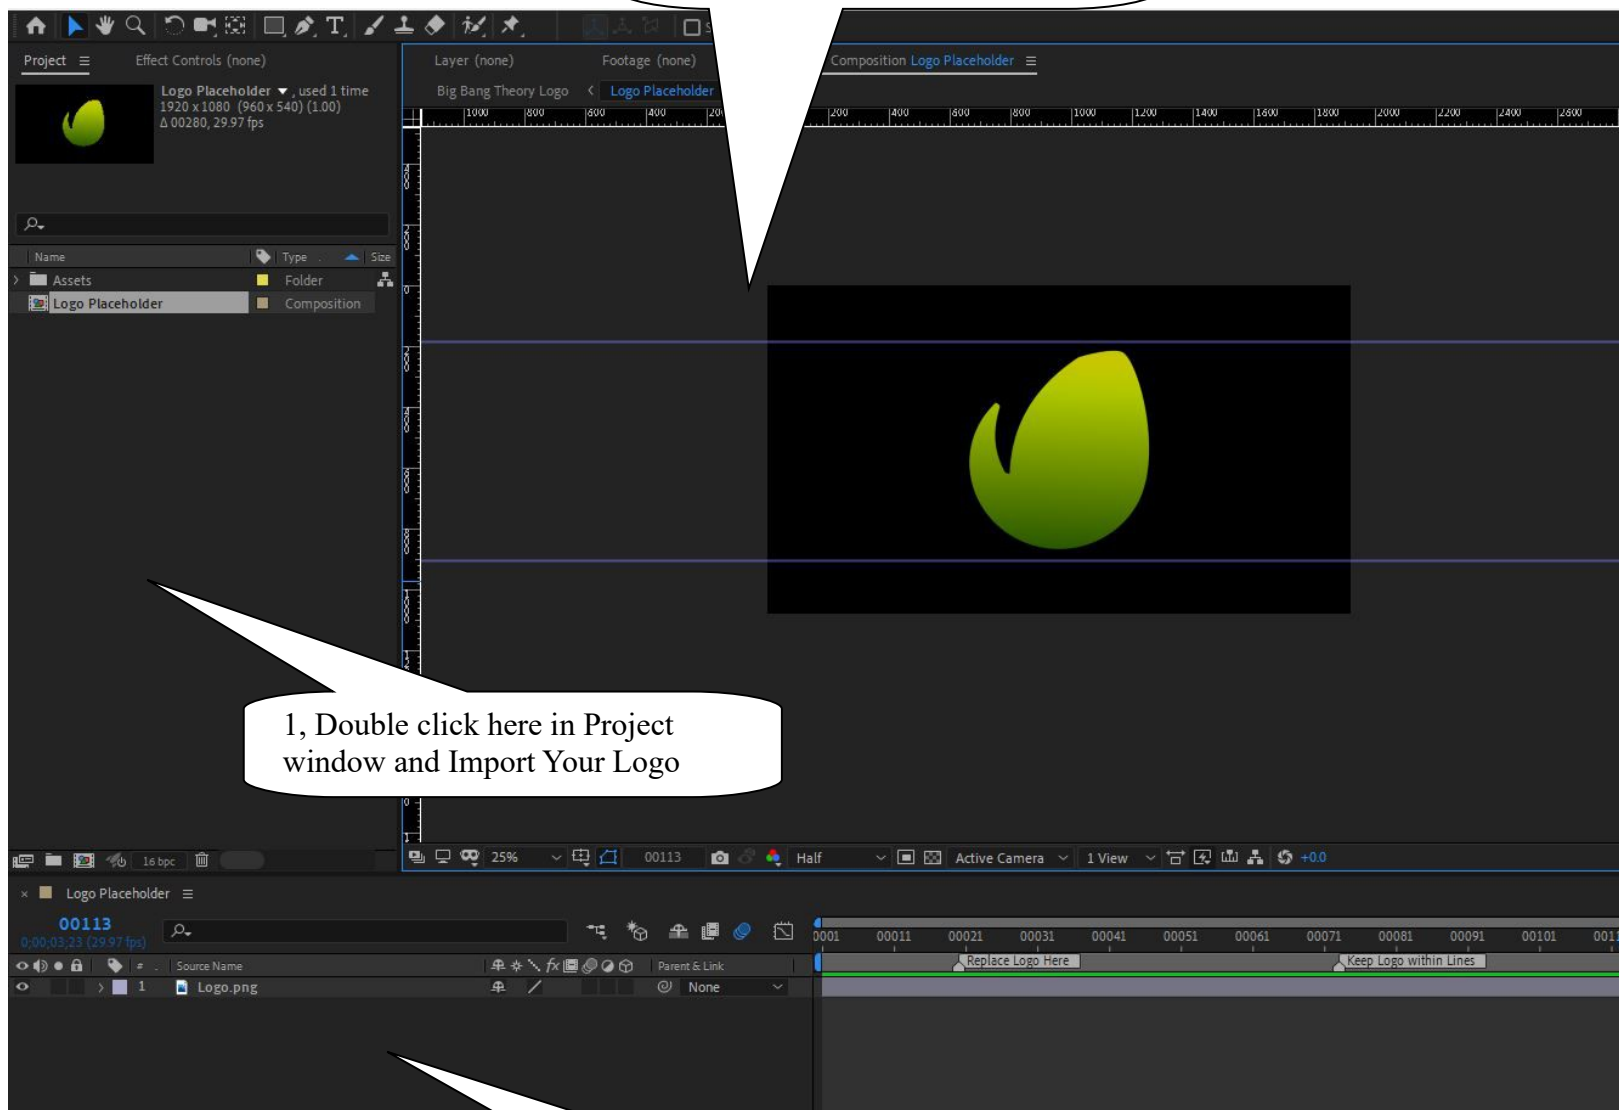

**Important : Install the Font from the above link before Customizing the Project**

## Step 1 :

Open the "Logo Project" folder and open After Effects file in it, Which works in Adobe After Effects CC 2019 and above

## Step 2 :

## Logo Replacement:

Keep your Logo file within this guidelines

1, Double click here in Project window and Import Your Logo

2, Delete this Logo.png and replace with your Logo (Drag and Drop from Project Window)
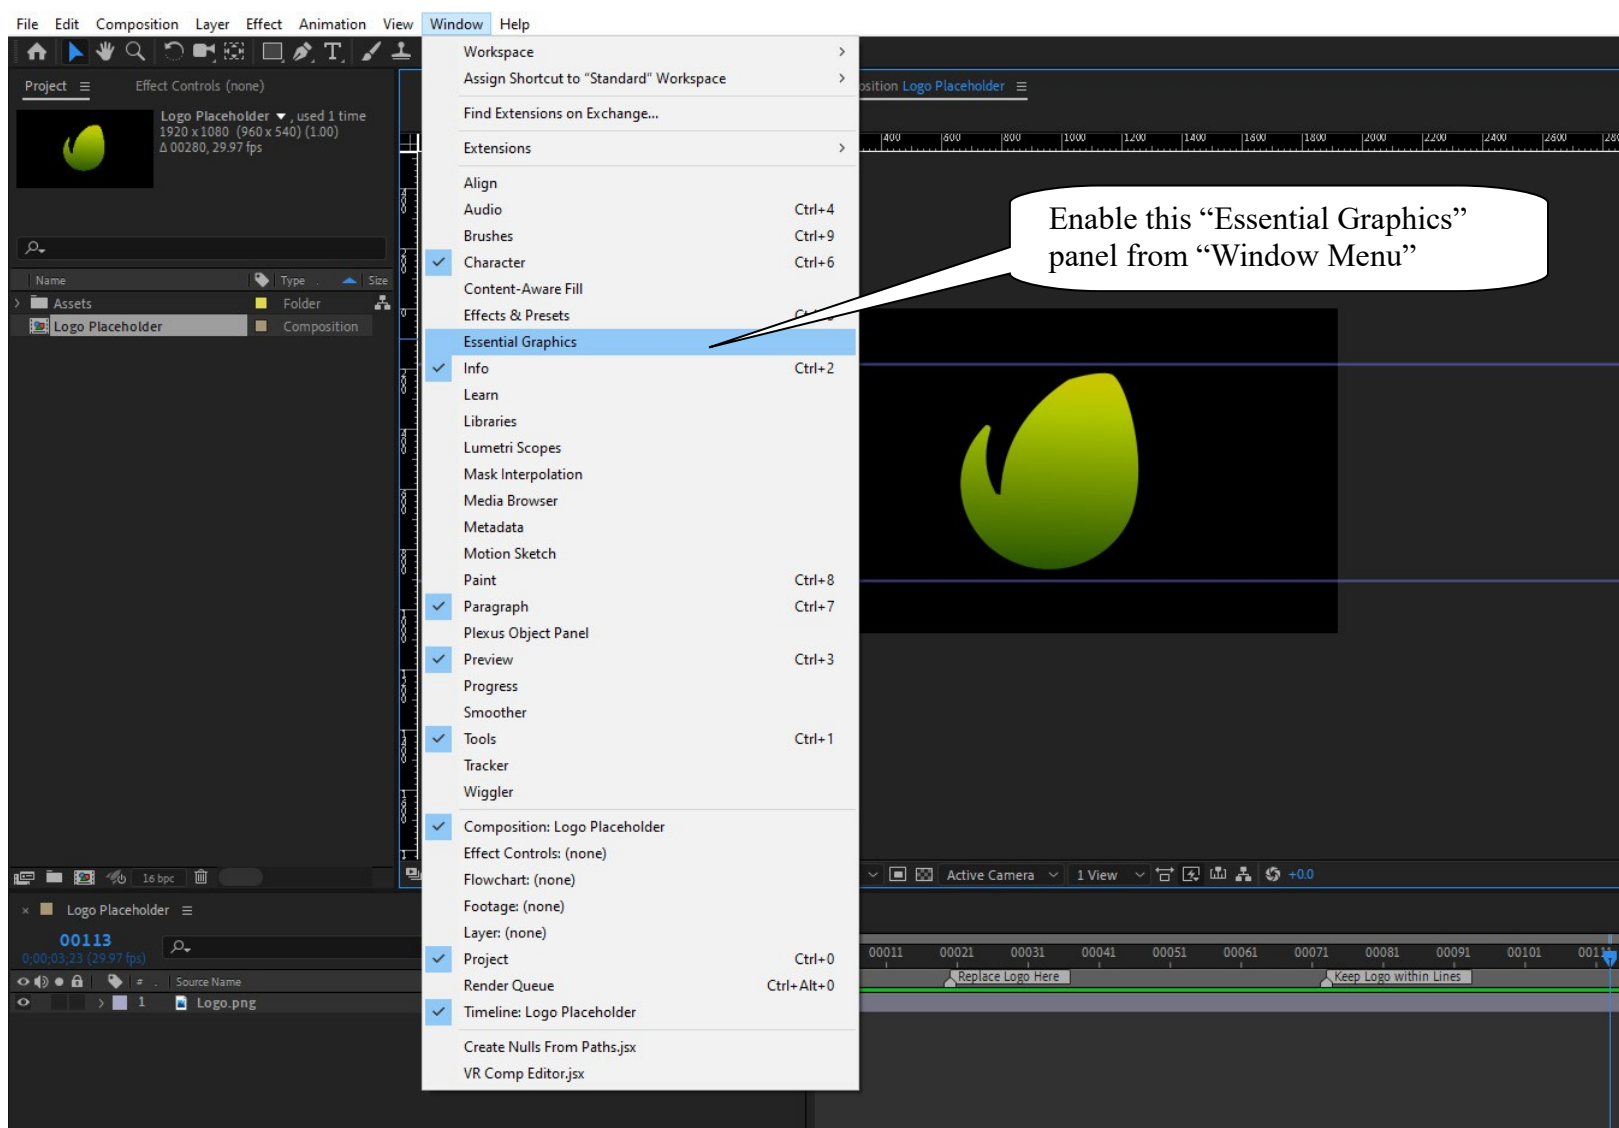

**Use Logo with Transparency for better results, Adjust the Logo size to fit inside the guidelines**

**By default Composition is Full HD, 1920x1080 Pixels**

## Step 3 :

**After Replacing the required Logo, Goto "Window" Menu and enable "Essential Graphics Panel"**

Enable this "Essential Graphics" panel from "Window Menu"

# Step 4 :

Click this button to export project to Premiere as .mogrt file

## Step 5 :

**Save the project in a preferred Location, .mogrt file will be generated with your Logo in the saved Location**

Select the Drive location here

Click both Compatibility Check Boxes before Exporting

Select the Drive location and click "OK"

## Step 6 :

**After .mogrt file generated then Refer the "Help to Change Title" PDF help file to use this exported .mogrt file in Adobe Premiere**
