MOTION MEDIA GROUP

Corporate Style Stories

After Effects stories pack with 14 optimistic corporate style videos. Use them as a professional intro, as corporate titles for a part of a promo or a presentation. Its a powerful tool for attracting your audience and giving additional attention to your videos.

The design is based on round shapes. The moving circle focuses the viewer's attention on your content. It can match the shape of your brand visual elements or the design message of your video. Circle is a universal symbol. Round shapes suggest community, connection, and perfection. They look graceful, warm, and friendly. Their movement suggests energy and power.

The templates are absolutely universal for any brand. You can create any mood using your colors, fonts, videos and music. The project is very well organised inside and very easy to use.

How to edit a project.

1) To edit a project, open the Edit folder. In it, you will see compositions with text and images that you can change. All of them are marked on the timeline, so you can edit the project sequentially and not get confused

2) for example, open the song Stories_3. Text editing layers are highlighted in green. Double click and you will be able to enter your text. In addition, you can see the composition for your placeholder on the timeline or in the Stories_3 folder. Open it to insert your photos or videos.

Other compositions in the project are edited using the same principle.
