

Hi! Thanks for buying my project! I will help you to set up thev project.

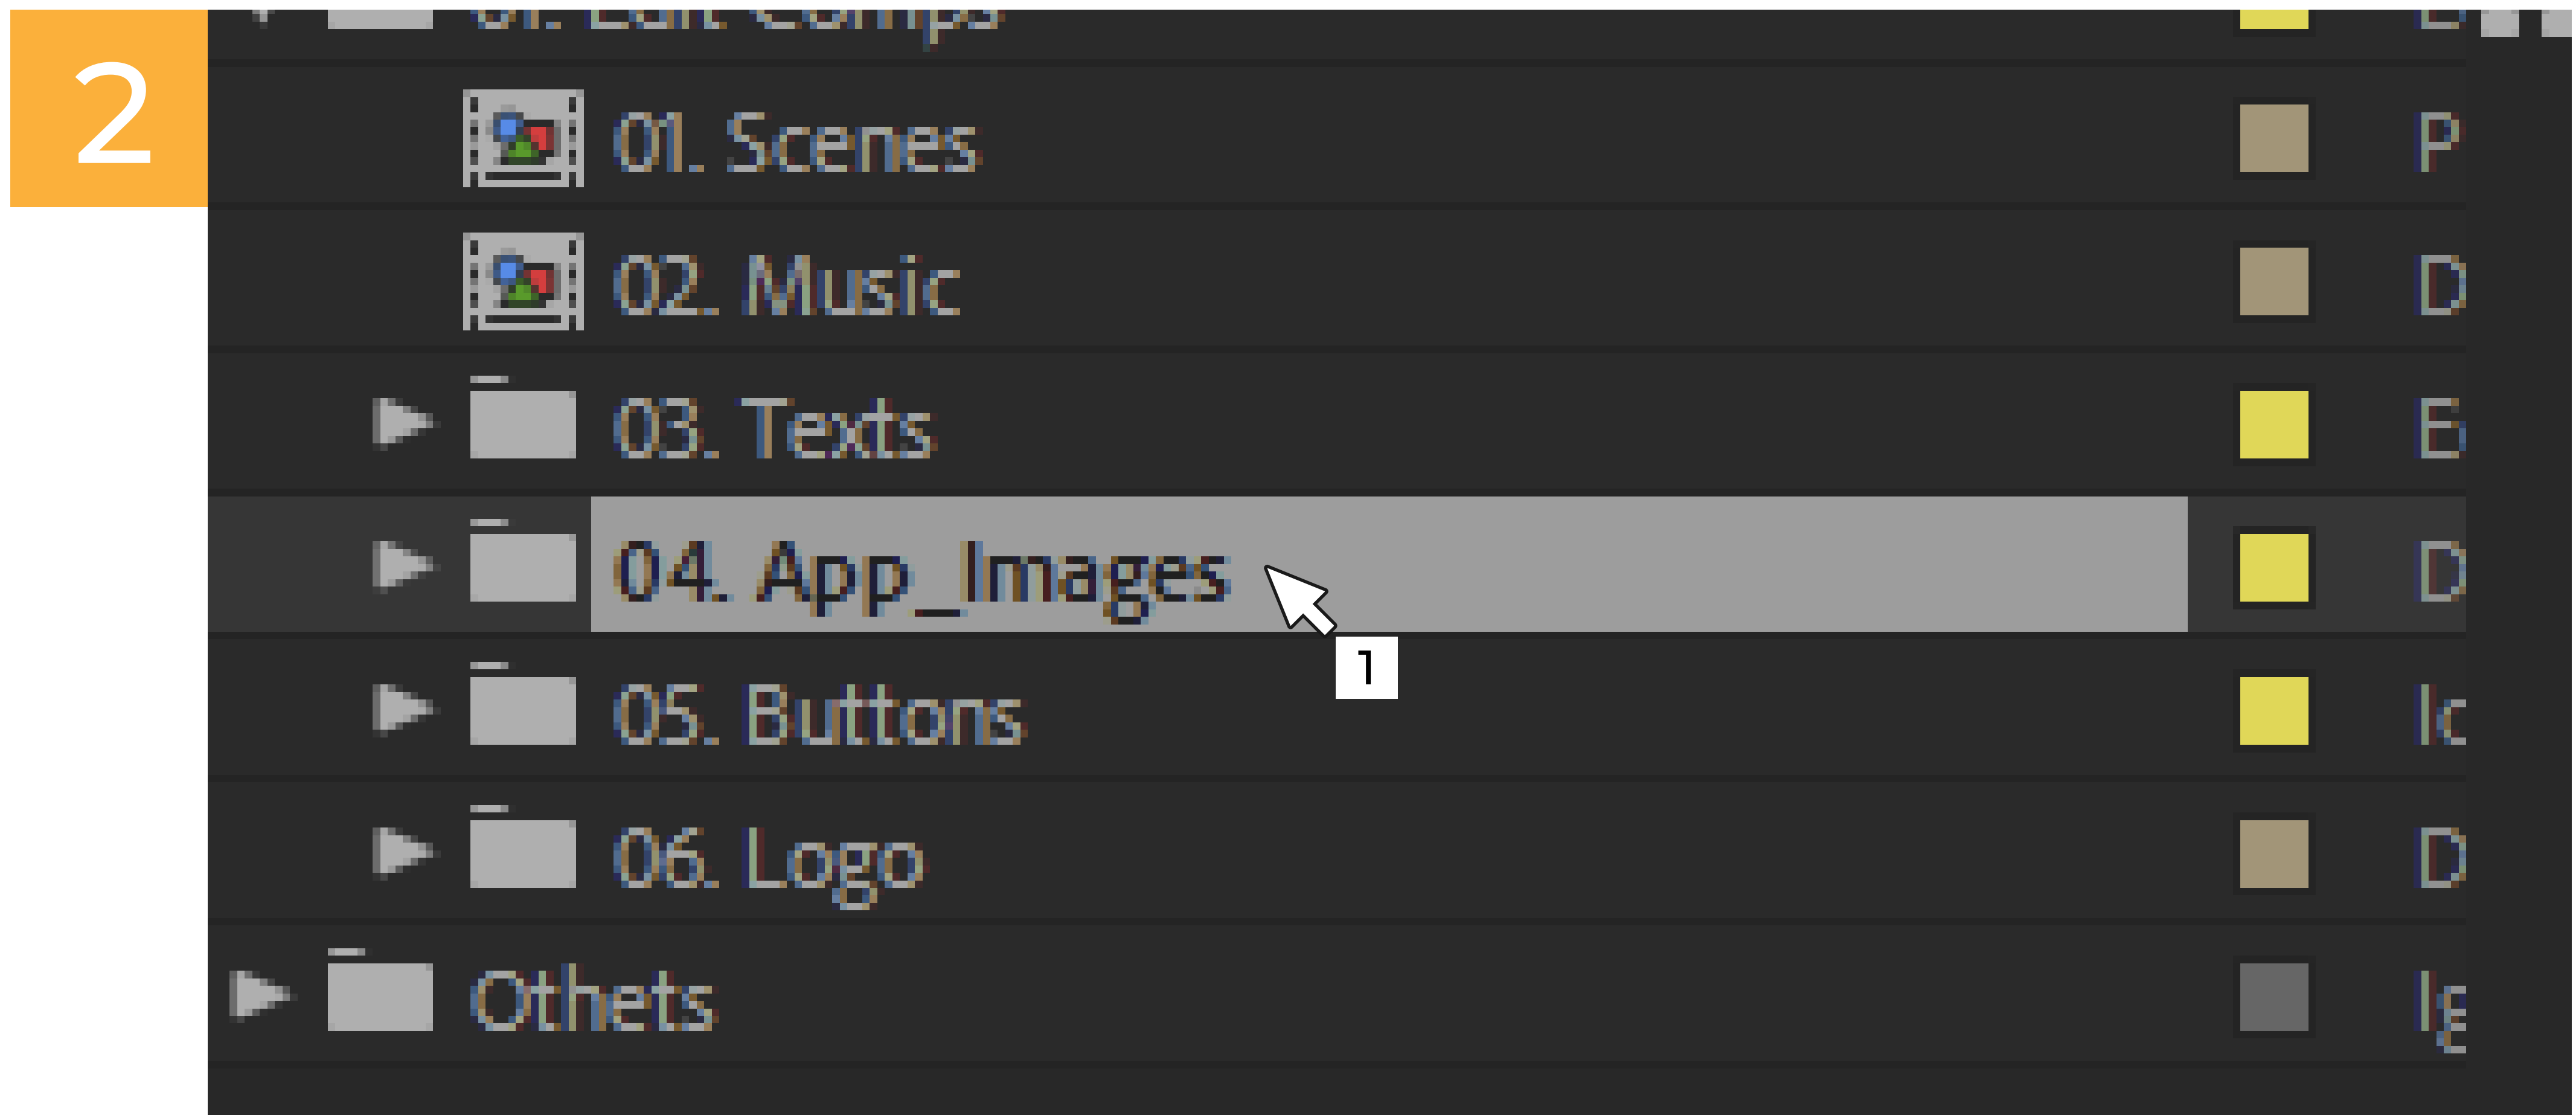

Drag layers IN and OUT to get smooth intro and outro:

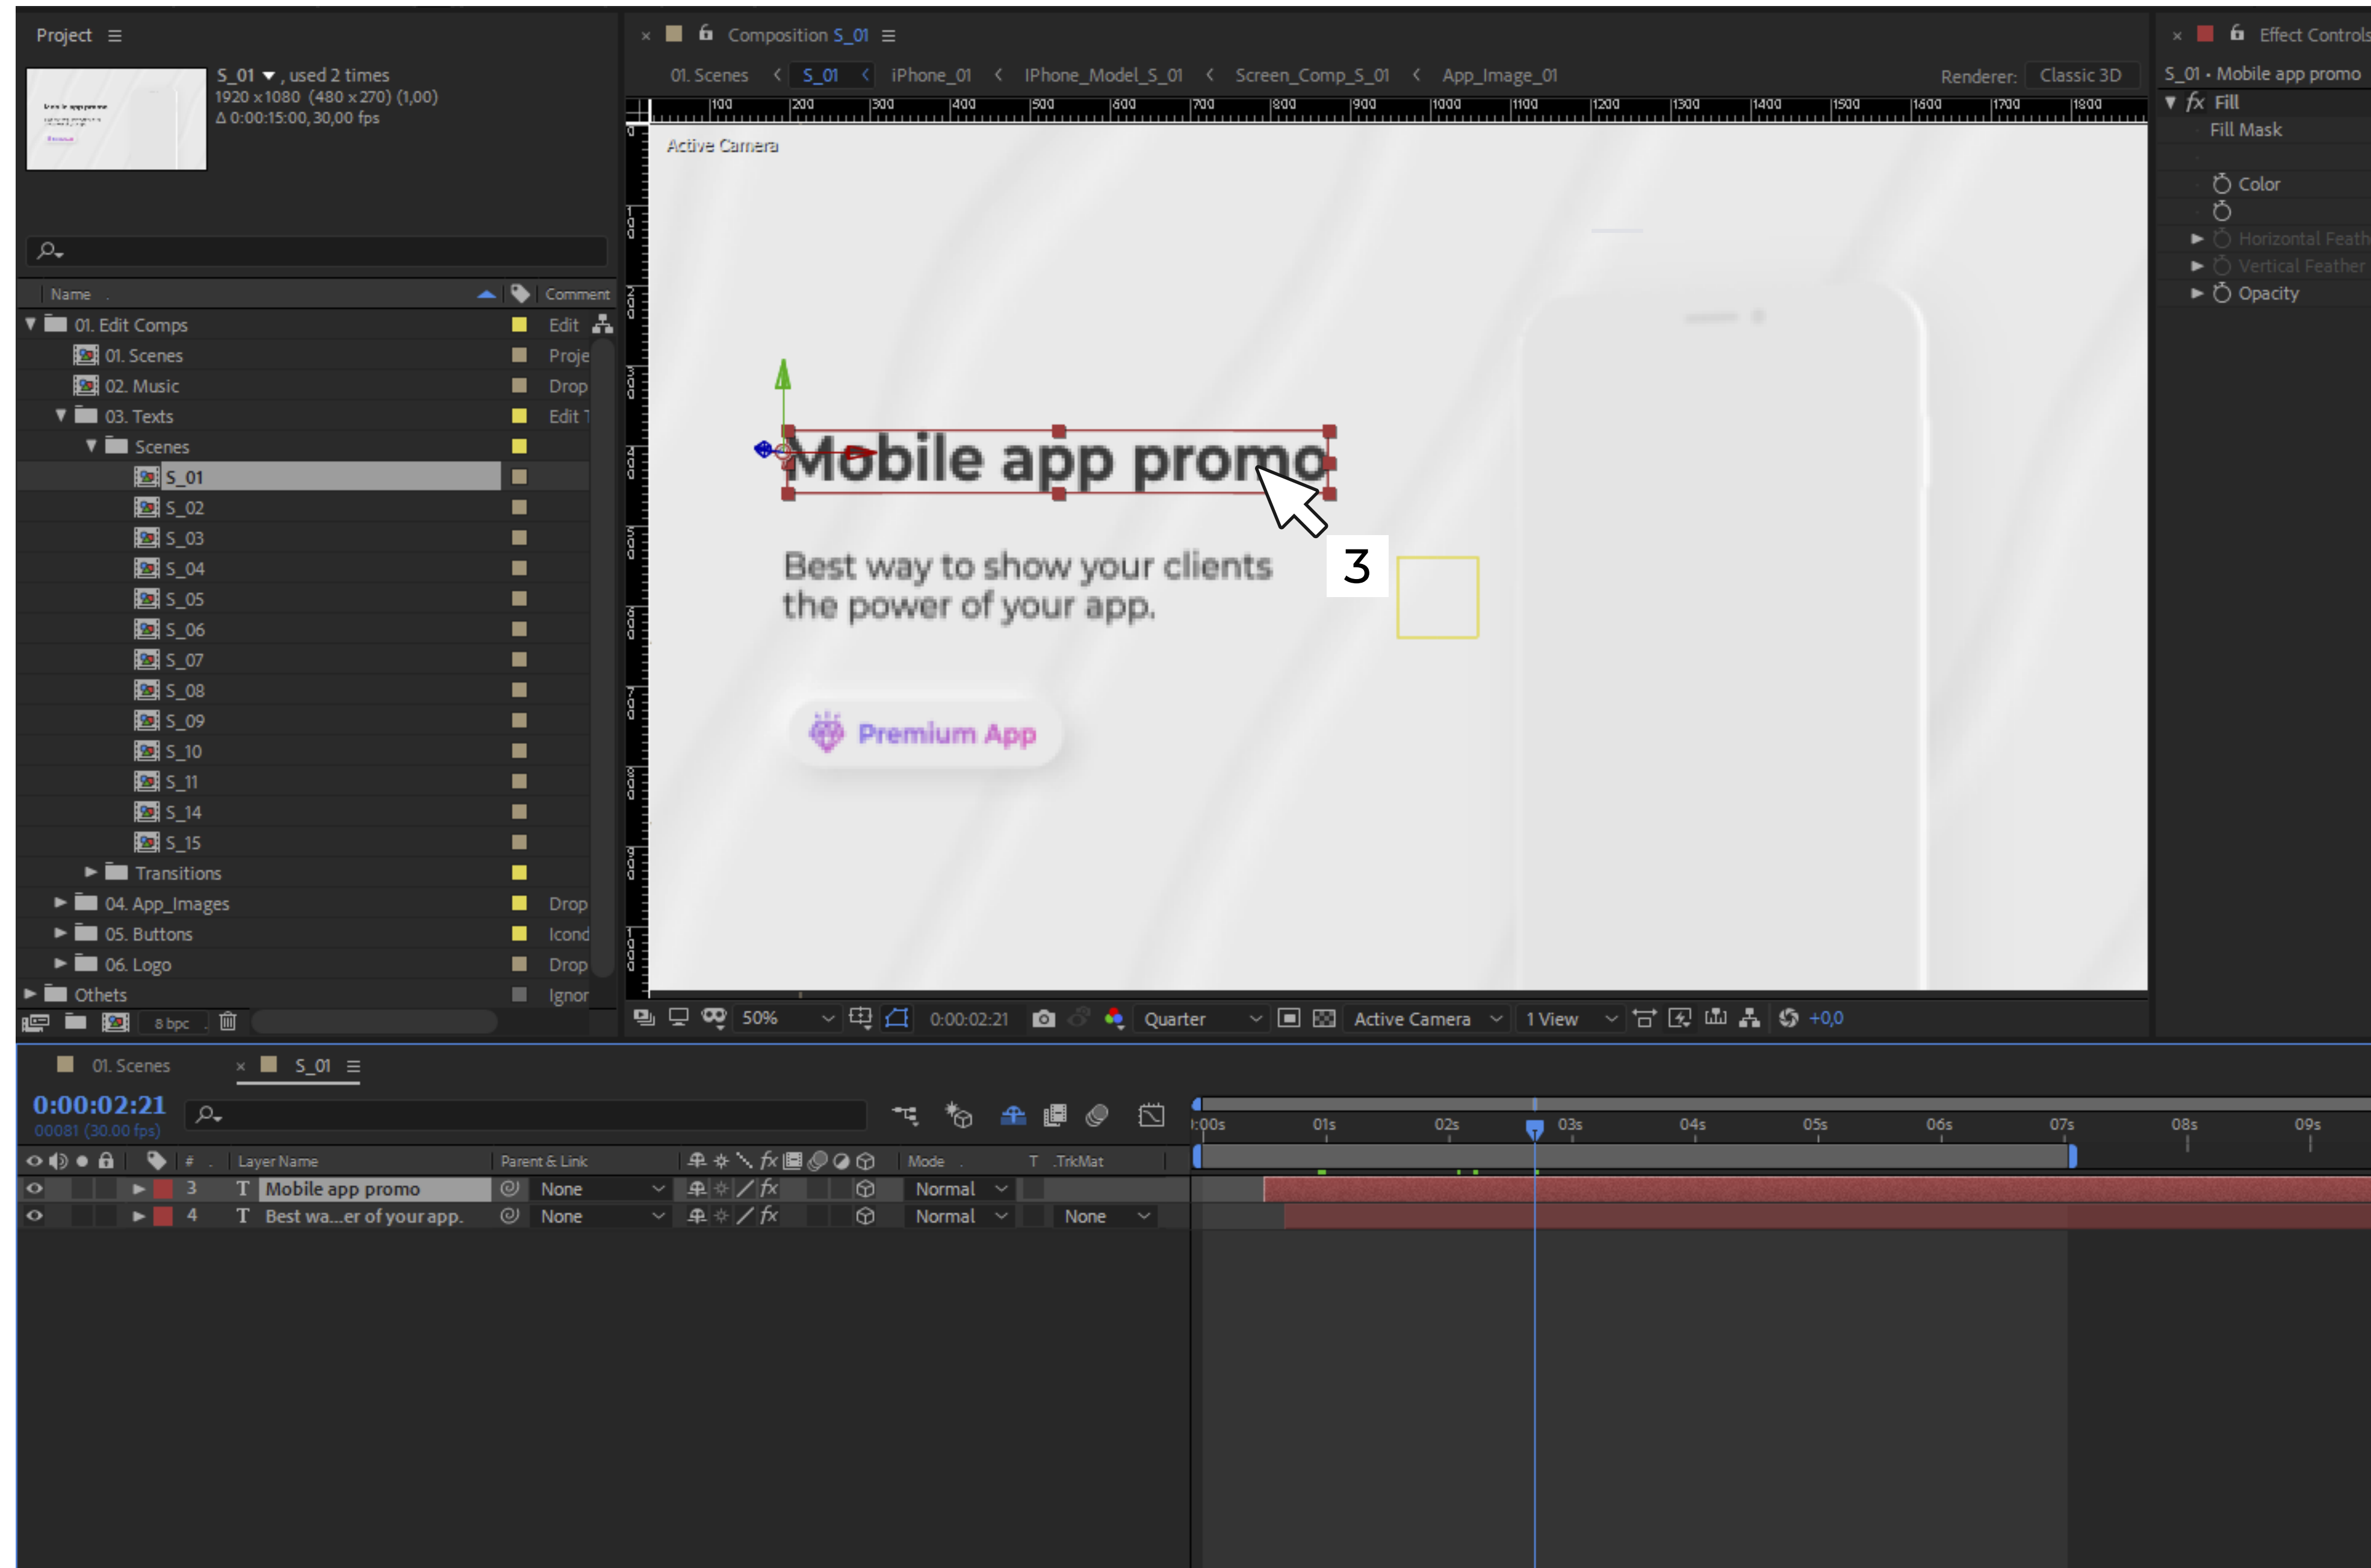

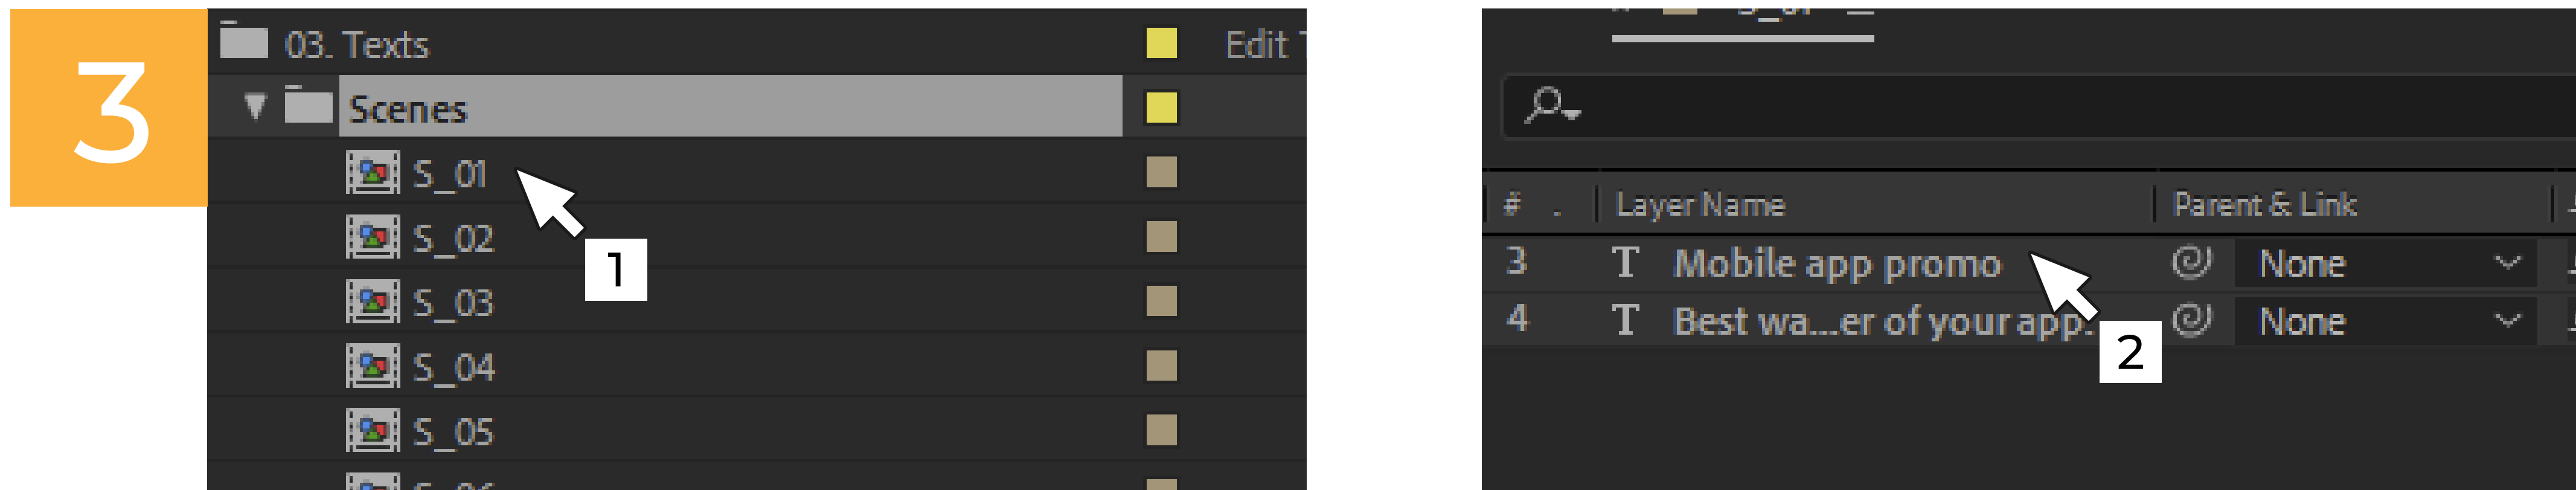

1. Change the color settings in a few clicks.

2. Replace pictures.

1. Change Texts in a few clicks.

All compositions are edited similarly to the examples given.

Finally render SCENES composition.

If you have any questions - email me: [sayfaraday@gmail.com](mailto:sayfaraday@gmail.com)
