

DVR TITLES TUTORIAL

for mac

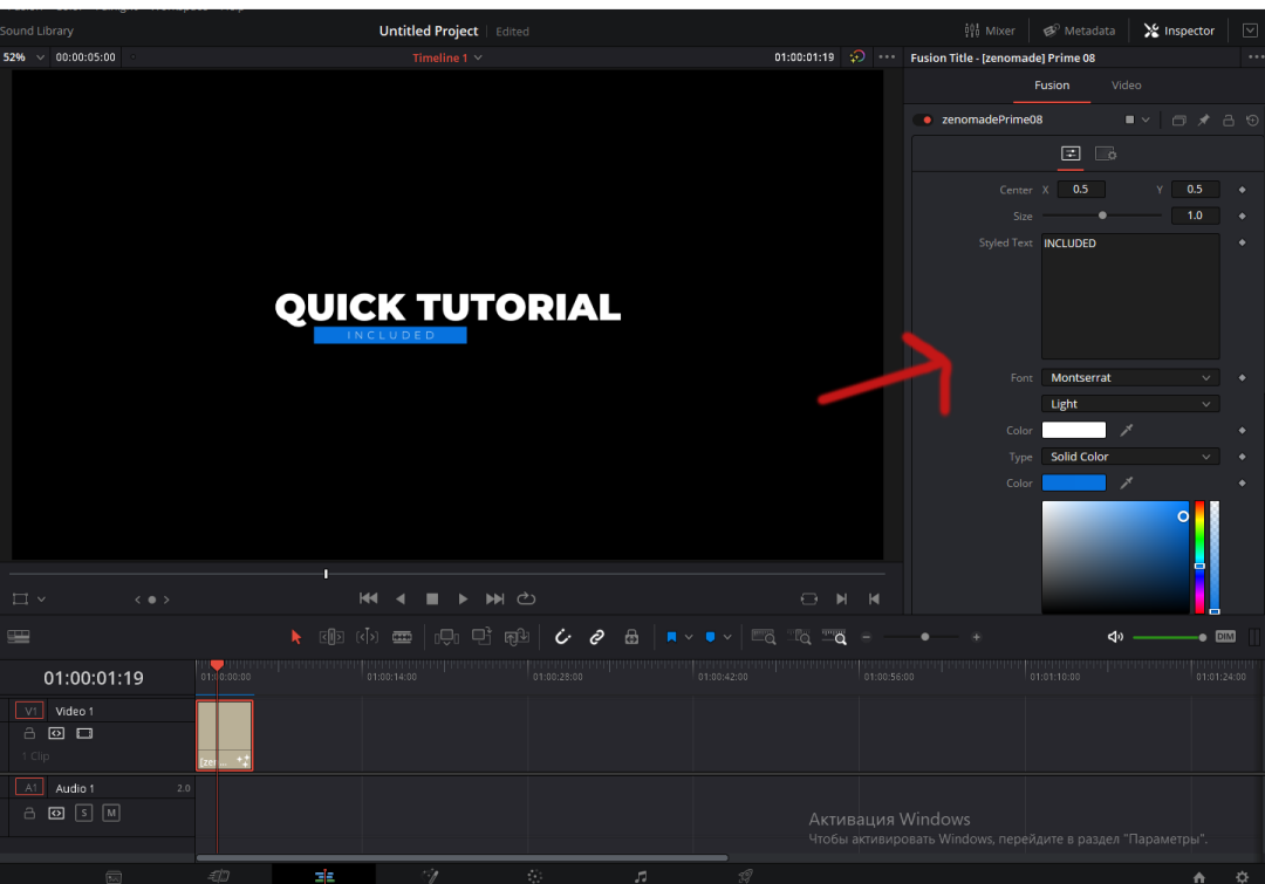

Macintosh HD > Library > Application Support > Blackmagic Design > DaVinci Resolve > Fusion > Templates > Edit > Titles

1. Copy the titles and paste them in this path:

Macintosh HD>Library>Application Support>BlackMagic Design>Davinci Resolve>Fusion>Templates>Edit>Titles

2. Go to Toolbox>Titles and type “zeno”, you will see the titles.
3. Move any title to the timeline and one-click on it

4. Now in “Inspector” you can change whatever you want.

5. Watch “Tutorial for Reverse Animation” (that is included) if you don’t know how to make a title to close itself
