This is the structure of the template when you first open the Project file.

## ASSETS

This folder contains 3 subfolders to organize your footage.

## IMAGES

The **IMAGES** folder contains the free textures and images used in the project.

## PRECOMPS

The PRECOMPS folder contains all the precomposed elements created in AE.

## MAIN SCENE

This folder contains the main editable scene.

## ADDING YOUR TEXT

To replace the text open "YOUR TEXT HERE",

double click on the text layer and enter the new text. You can use the **Character palette** to modify the text properties (font size, color, stroke, leading, etc).

To add your logo, open the comp named "YOUR LOGO HERE" and drop your logo. This placeholder will have a placeholder when you first open the template.

## CHANGING THE COLORS

Open the Comp named "COLOR SETTINGS", select the layer named "COLOR SETTINGS PREVIEW" so the effects

show up in the effects palette and use the color pickers to choose the color of each element.

You can also set the opacity of the background pattern.

## RENDER COMPS

There are 2 render comps, **RENDER COMP 4k** and **RENDER COMP 1080p**.

If you have any trouble customizing the template, drop me an email through my profile page and I'll be glad to help you out.
