Instruction Steps

Adobe After Effects CS6 (software) or newer version (CS6, CC, CC 2019) required to open and edit the template file.

First download and install

-----------------**Here are a few instructions that will help** ----------------

Folder "02. Edit Comps"
Here you can edit text and media for your project .

Open **"Media ##"** composition. Import your media and drag into timeline.

Open **"Scene ##"** composition. Double click text and type your text.

-------------------------------------AUDIO-------------------------------------
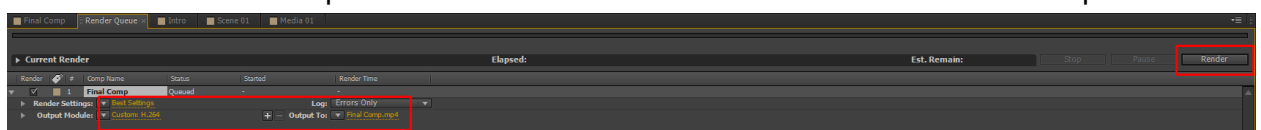

In After Effects click on the menu option: File > Import > File (search the audio file, click on it, then click Open). Open the "Final Comp" folder. Open the composition Final Comp. Drag and drop your audio in this composition.

-------------------------------------RENDER VIDEO-------------------------------------

Open **"Final Comp"** composition. click on the menu option Composition > Add to render queue

Select the desired output format and the video location. Click on Render option.
